

Great Message on Currency Reform

PRES. WILSON READS MESSAGE

Pres. Wilson in his message to congress advocates system of banking that will be public, not private, one vested in the government that will make the banks the instruments, not the masters, of business and of individual enterprise and initiative. This new change in the currency he deems necessary to enable business men to make us of the opportunities for enterprise and business initiative to be bestowed upon them in the new tariff law and to enable every line of business to vitalize its credit.

President Wilson Reads Message

WASHINGTON, June 23.—Long before the capital doors were opened today hundreds of people lined up in a steady rain in the hope of getting in to hear President Wilson deliver his message to congress on currency reform. Although the attendance had been rigidly limited to one card of admission for each member of either house and provision for the president's family and the cabinet clerk, hundreds clamored for admission.

and a "ticket choppers" box installed, into which the tickets were thrown as fortunate applicants appeared. The house and senate had agreed by a resolution adopted last week to take recess just before 1 o'clock and to assemble in joint session in the house chamber, led by Vice President Marshall and Secretary Baker.

Personal Plea For Action

Bearing a personal plea for immediate action by congress to revise the banking and currency laws that busi-

ness may be aided in meeting tariff revision, President Wilson for the second time went to the house of representatives today and personally read his address on the subject to both houses of congress assembled in joint session.

Although short of some of the novelty that attended his first appearance, when he upset presidential traditions of more than a century, today's visit of the president to congress took on a deeper significance. On his first visit

TO STOP SUGGESTIVE DANCING

License Commission Takes Commendable Action and Appeals to Mayor O'Donnell

At a meeting of the license commission held Saturday night, it voted unanimously to send the following communication to the mayor:

James E. O'Donnell,
Commissioner of Public Safety,
Lowell, Mass.

Dear Sir:—The license commission of the city of Lowell has publicly notified the owners and lessees of halls, in which musical, literary and dramatic entertainment and dancing are conducted, that the maintenance of such halls, the notice being published June 2, 1913.

But two responses have been

made to this notice. Cushing, & Barker, Thorneike street, so-called Kasino, and Charles E. Caldwell, 315 Pawtucket street, both of these places at the present time being licensed.

The commission respectfully requests your cooperation in this matter, that the owners and lessees of such halls may be brought under the supervision of the commission and that suggestive dancing be prohibited.

By a rule of the commission, dancing on Saturday shall cease at 11 p. m.

Very respectfully,
The License Commission of the City of Lowell,
Per. John J. Flaherty, Clerk.

off much easier. John Smith, a name probably adopted because his own is unpronounceable, pleaded not guilty to the larceny of a hat from A. G. Pollard, a pair of shoes from J. L. Challice. Through an interpreter, the defendant told the court that he had bought both articles. He asserted that he had paid a price for them, however, that is never charged for the articles he had in his possession. As a last resort he said that he was drunk and did not know what he had done that night. He was fined \$15.

Chief Appeals for Negro

When the case of Jose Lopez, a colored man, charged with drunkenness, was called Superintendent Welch, made a stirring speech in behalf of the defendant. The evidence, he said, all pointed to the defendant's being innocent. In the opinion of the South common. In the opinion of the local chief the defendant had resented being called vile names by a crowd of young men and boys and had tried to stop it when he was set upon and beaten up by his tormentors. Superintendent Welch asked that the defendant be released upon the payment of the costs. The court so awarded.

Larceny Case Continued

The case of Vincent Viera, charged with larceny on two counts, was continued until Thursday. John Dudeck, charged with non-support of his minor children will plead his case on Saturday of this week.

Hattie Gosslyn, charged with drunkenness, received a direct sentence this morning to the girls' home at Sherborn. She was only released on probation last week and when she appeared in court today with both of her eyes blackened.

REPORT GEN. OJEDO SURRENDERS

DOUGLAS, Ariz., June 23.—General Pedro Ojedo, the federal commander who fought a three days' battle in and around Ortiz, Mexico, with the attacking state troops under Obregón, is reported to have surrendered. The constitutionalist junta here is unable to confirm the report.

POOLING IF BENEFIT TO PUBLIC

WASHINGTON, June 23.—Representative Levy of New York put in a bill today to permit the inter-state commerce commission in its discretion to authorize combinations or contracts between railroads, even though in violation of the Sherman anti-trust law, if that consideration were outweighed by benefits to the public virtually it would permit pooling.

14 CHINAMEN FINED IN COURT

No less than 14 offenders for drunkenness appeared before Judge Enright in this morning's session of police court and although Monday morning is always a busy one, this morning's docket far outlasted any which has been ushered in this year.

Fourteen Chinamen, led by a laundress who gave his name as Gen. Donahue, appeared before the court this morning, charged with being present where gaming was being conducted. The long line of slant-eyed offenders made a striking picture as they trooped into the court room, half of their number being in the costume of their fatherland. They all pleaded guilty. Amid partially concealed grins, Judge Enright said of the Mr. Donahue \$10 and the rest of you \$5. Mr. Donahue's entree was just as broad as any in the court room.

Shoplifter Sentenced
Edward J. Brown, a floorwalker at Woolworth's department store, proved

himself quite a detective Saturday night, when he managed to have a shoplifter by the name of William Holan taken into custody. The defendant was a very positive individual this morning and told the court he had a wife and four small babies depending on him for support. He was no match for Sept. Welch's sharp questions on cross-examination, however, and it was not long before it was a certainty to everybody in the court room that the man was committing perjury. Finally, after a long stalling on the witness stand Holan stepped down to the floor with the remark that the court could sentence him if he felt like it. No sooner were the words out of his mouth than the defendant heard the faint "Four months in jail" ringing in his ears. It was a much chastened thief who took his place in the crowded dock.

Lena C. Earle Brings Claim Against Dr. Gulliland

For Alleged Injury to Her Mouth In Dental Work

The case of Lena C. Earle vs. Dr. Frank G. Gulliland, which was opened at the superior court last Friday, was resumed this morning. The plaintiff states that she engaged the defendant to do certain dental work in December, 1909, and that the defendant did undertake to do such work. She claims that while attempting to perform such work the defendant did negligently and unskillfully cut, lacerate and wound her mouth, causing it to become poisoned and diseased. The plaintiff also states she became sick and suffered bodily pain, making it necessary to have the work removed at a great expense to her. During July, 1910, she received treatment from the defendant and at that time he did unskillfully wound her mouth, making it necessary for her to receive medical treatment for sickness. The amount of damages claimed is \$10,000.

William D. Hegan appears for the plaintiff and the defendant was represented by the firm of Qua, Howard and Rogers.

Dr. Randall was called to the witness stand this morning and testified that he attended and treated the plaintiff for mouth trouble during her sickness at the time mentioned above. He remained on the stand a greater part of the morning.

Violates City Ordinance

L. A. McEnaney, a man from Lawrence, who left his auto out in front of his eating place for nearly an hour, was fined \$1 by Judge Enright, upon the recommendation of Supt. Welch, for his breaking of the city ordinance dealing with traffic rules. Mr. McEnaney was ignorant of Lowell's traffic regulations.

Worthless Husband Sentenced

John E. Bulmer, whom his wife characterized as worthless, was sent to the state farm, William B. Carroll, arrested with non-support this morning, was given a suspended sentence to the state farm provided he pays his wife \$6 per week.

Andrew Spellacy was given a direct sentence to the state farm for drunkenness. William F. Stanley, a fourth offender for drunkenness, was sent to jail for four months. John J. Coughlin was also sent to jail for drunkenness. His term being one of two months. Jeremiah P. Sullivan, was sent to the house of correction for drunkenness for a period of five months.

M. Sullivan, M. Burke and Jos. Bruce were all fined \$15 for their third appearance for drunkenness. There were five \$5 fines for drunkenness, and four \$2 drunks. Eighteen were released by Probation Officer Slattery.

7 NEW CASES OF SMALLPOX

The smallpox situation in Lowell has taken on a more serious aspect. White no new territory has been added to the smallpox zone, which extends from Pawtucket street to Dutton street, seven new cases have been reported within the zone boundaries and four of them in the French-American orphanage in Pawtucket street.

While the board of health does not want to make vaccination mandatory, the board members believe that as a precautionary measure persons, who have not been vaccinated within three or four years should be vaccinated at this time, and at a special meeting of the board held at 9 o'clock this morning it was voted to extend the hours for vaccination at city hall if the demand would warrant it. The time for free vaccination at present is from four to five o'clock in the afternoon and Mr. Drury suggested that if necessary it would be well to extend the vaccination hours into the evening. Dr. Brunelle said that would be a good idea and Agent Bates said the only difficulty would be in getting doctors to come to the hall in the evening, on the doctors, as a rule, have office engagements in the evening.

Dr. Brunelle allowed that doctors would strain a point in a case of emergency and Dr. Charles E. Simpson of the state board of health said that if necessary he would do so. "I am not looking for the job," said the doctor, "but under the circumstances I would feel it my duty to come if I were called upon." As soon as the board decides on something definite in the matter, they will advise the hour in the newspaper.

Mandatory Vaccination in Mills

At the meeting this morning it was voted to have the secretary forward letters to the authorities of the Merrimack, Boott, Tremont & Suffolk and Lawrence mills, instructing them to have all of their operatives vaccinated. This will mean a number of idle hands in the mills, but precaution is necessary one. In the rooms where persons worked who had the smallpox the board of health enforced vaccination and fumigation, but in order to be on the safe side the board decided that it would be best to have all of the operatives vaccinated in the mills, in accordance with chapter 13 of the revised laws, which provides for compulsory vaccination in mills, hospitals, jails and other places where a great many people work or live.

The French-American Orphanage

The most serious report to reach the board was brought in by Dr. Brunelle this morning. He reported that there were four cases of smallpox at the French-American orphanage in Pawtucket street. The report was looked upon as more serious than the others because of the number of children at the orphanage, yet, even in this case, bright sides were found. In the first place the cases are extremely mild and the children have been under observation for two or three days and no children had been isolated in a section of the building well apart from the rest of the children. Dr. Brunelle said that the sisters at the orphanage were willing to still further isolate the four children by removing them to a building owned by the orphanage, on the orphanage grounds apart from the main building. Dr. Brunelle said that if agreeable to the board, two sisters would be detailed to look after the four children in the separate building and the doctor could not suggest anything later in the way of isolation. Dr. Carroll is suffering from a bad attack of rheumatism and was not present at the meeting, but Mr. Drury was of the opinion that the scheme of isolation for the children at the orphanage, as outlined by Dr. Brunelle, was a good one. The building is equipped with beds, clothing, cooking utensils, etc., and Mr. Drury said it was fortunate that such a building could be used for the purpose.

Fifteen Cases in All

The total number of cases reported up to date is 15 and the first case was reported 13 days ago. This fact was pointed out by Dr. Livingston this morning in the course of a discussion relative to the small pox situation. Dr. Livingston said that it requires from 12 to 14 days to complete the process of incubation and that the time is up now to hear from those who were exposed twelve days or two weeks ago. Dr. Livingston called attention to the fact that it would be impossible to get at and under a smallpox epidemic in less than two months, for it takes at least a month to reach a second generation of the disease. If one was exposed today he would not show symptoms until 12 or 14 days, and the same would hold good in the case that he might contract.

Hospital Too Small

The present smallpox hospital is too small even to accommodate the number of cases that have been thus far reported. Agent Bates said today that twenty cases could be cared for at the hospital if they were sent alone

to the hospital but there is no room there for families and the practice has been to send whole families there when one or more members of the family have the disease.

In view of the fact that the hospital is crowded it seems very fortunate, as Mr. Drury remarked, that the French-American orphanage is in a position to isolate the little ones who have the disease at that institution. The state board of health, of course, will have a word to say about the scheme of isolation as planned at the orphanage, and Dr. Simpson will go over the matter with Dr. Brunelle and Mr. Watelle this afternoon. All of the children at the orphanage who require vaccination will be vaccinated today.

Mr. Drury remarked that ten or twelve years, and perhaps more, have elapsed since the last general vaccination in Lowell and he hopes that the people will take advantage of the opportunity of free vaccination offered by the board of health at city hall. Just to show that he believes in practicing what he preaches, Mr. Drury was himself vaccinated a few days ago.

Cases at the Orphanage

The names and ages of the children who are isolated at the French-American orphanage are as follows: Elizabeth Ross, 4; Yvonne Couture, 7; Annelia Oullette, 5; Sarah Oullette, 5. The Oullette children whose ages are the same are not twins as might appear at first glance. It was explained at the board of health that the children are not related to each other.

Three or four days ago the sisters at the orphanage noticed a slight rash on the face of one of the children and it was thought to be prickly heat. Later, however, the other children showed the same symptoms and, as a matter of precaution, the children were isolated. On June 22 Dr. Livingston was called in by Mr. Watelle and he found that the children had smallpox. Later the children were visited by Drs. Brunelle and Simpson and they agreed with Dr. Livingston.

Other New Cases

Two cases of smallpox were reported at the office of the board of health yesterday. The two cases were Mrs. Emma St. Pierre, of 15 Joliet avenue, and Louis Macha, of 62 Princeton street. Both were at once removed to the smallpox hospital. Mrs. St. Pierre has never been vaccinated. Besides her husband, who is in the family a four months' old baby, who was taken to the hospital with her mother, and two brothers and two sisters. The sisters have been taking their meals with St. Pierre, but have been sleeping elsewhere.

Louis Macha worked for Overseer Stetson in the Merrimack mills up to Saturday noon, although he had not been feeling well and at one time thought he would have to give up his work. At that time he believed his illness was due to the drinking of tea water. Besides his wife the family consists of two children and he affirms that he was one of a family of nine sons and nine daughters, none of whom had ever been vaccinated.

The other or fifteenth case reported at the office of the board of health this forenoon was that of Marie L. Jusseume, Mrs. Jusseume is 45 years of age and lives in the rear of 355 Moody street. Besides her husband, Elzear, there are in the family the following children: Henry, 24, employed in the Merrimack mills. He was vaccinated 15 years ago. Albert, 21, works in Lawrence hosiery and was vaccinated a year ago. He was vaccinated 10 years ago. Blanche, Lawrence hosiery, never vaccinated. Alex, 11, attended the Sisters' school in Moody street. No record of vaccination. Otilia, 10, attended St. Joseph's college. Was vaccinated last year, as was Albert, 7, who attended the Sisters' school in Moody street. The father, Elzear Jusseume, is unemployed.

Abolish Dry Closet System

Besides attending to the smallpox situation, the board of health at this morning's meeting voted to recommend to the mayor and municipal council that the present system of dry closets in vogue in some of the schools be

abolished and flush water closets, with sewer connections, installed. The recommendation was framed by Mr. Drury and forwarded to the mayor.

Vermont Avenue's Dry Wells
City Engineer Kearney dropped in at the meeting to discuss the necessity of a sewer in Brookside street. This has to do with the dry well nuisance in Vermont avenue and Commissioner Donnelly gave a hearing on the matter a few days ago. Since the hearing the premises have been viewed by Engineer Kearney and Agent Bates of the board of health. Engineer Kearney said he thought the sewer should be built. He said the dry wells were admitted that was true and believed the petition for the sewer should be granted. Mr. Drury was familiar with the situation and said he thought the people would be glad to avail themselves of the opportunity afforded them to get direct sewer connections. On motion of Mr. Drury, it was voted to instruct the secretary to address a letter to the municipal council to the effect that the board of health discussed the question and it was the sense of the meeting that the petition be granted.

POINCARÉ TO LONDON

PARIS, June 23.—President Poincaré left the French capital today on his way to London, where he is to pay his first official visit since his election. He is to pass four days in London, where elaborate arrangements have been made for his reception by King George, the government and the municipal authorities. In fact, everything possible has been done to make the meeting of the two members of the entente cordiale.

Premier Louis Barthou and nearly all the members of the French cabinet were at the station to bid the president farewell while three cabinet ministers accompanied him to Cherbourg. At that port President Poincaré, accompanied by Stephen Pichon, minister for foreign affairs, will embark on the French battleship Courbet and proceed to Portsmouth.

WELL KNOWN MAN

Robert C. Gallagher, of This City, Died Suddenly in Springfield Yesterday Morning

The many friends of Robert C. Gallagher, of 109 Wilder street, this city, will be pained to learn of his death, which occurred suddenly yesterday morning at Springfield, Mass., death being caused by heart trouble.

Deceased, who was well known in this city, where he lived nearly all his life, was aged 52 years. Recently he secured employment as clerk in a hotel in Springfield, and although far from home, he came to Lowell occasionally. He was the son of the late Robert Gallagher of the Gallagher house. Yesterday his family received a message announcing his death which occurred early yesterday morning.

The body was removed to his late home, 109 Wilder street, where it will remain until the day of the funeral. Deceased is survived by a wife, Katharine, two daughters, Marion E. and Florence K. and a sister, Mrs. Emma Tierney.

ST. MICHAEL'S SCHOOL

Diplomas Awarded at High Mass Yesterday

SERMON ON CATHOLIC EDUCATION BY REV. FR. FOLEY, O. P.

The Diplomas Given Out by Rev. John J. Shaw, Pastor of the Church, Who Congratulated the Graduates

At the high mass yesterday morning at St. Michael's church, at which a special and very excellent musical program was rendered by the choir, the graduates of the parochial school

of the church received their diplomas and special certificates of merit. There was an exceedingly large congregation at the mass. A special sermon on "Catholic Education" was preached by Rev. Fr. Foley, O. P., who was a visitor at the rectory. Rev. Fr. Foley's discourse was intensely interesting and most beneficial to all who heard it. To the unthinking ones he said, the word education signifies nothing more than the training of the minds of the young; the learning to read, write, and count. Kipptly problems in arithmetic or perhaps, to go into the higher branches, the classics and sciences. Such is the idea of education after which the courses of study of many of the larger universities, as well as many of the lower public schools are formed. And it is but a meagre idea, and undeveloped. The Catholic schools, in training the young, do so not with the sole purpose of instilling the principles of worldly philosophy, and of worldly studies, but with the main purpose of training the soul for the

higher things, using the worldly education as a means and not as an end. The knowledge of earthly things helps us to a knowledge of God and morals, a knowledge of the church, its precepts and a means of strengthening our faith. Such is the aim of the Catholic educators, the majority of whom are men and women who have, like the good Dominican sisters of St. Michael's, devoted their entire lives to the cause, and who are not working because of the desire for remuneration. The work thus done for love will be the most earnest. The pastor Rev. Fr. Shaw, awarded the diplomas and also briefly addressed the gathering along the same lines. He complimented the children on their work for the year.

Of the girls Mary McLaughlin held the highest general average for the year's work and Francis Whalen distinguished himself likewise for the boys. List of graduates is as follows: Francis Whalen, James Connors, Joseph Grouke, Thomas McSorley, Thomas Noonan, Agnes Sullivan, Angeline Ramey, Alice Reardon, Veronica McSorley, Agnes Gallagher, Rose Heath and Annie O'Brien. The children of the school, and especially the sisters in charge, are to be complimented on the brilliant success of the course in business writing, which is a feature at the school.

Victory for the A. F. of L. Bakers in Boston

BOSTON, June 23.—The American Federation of Labor yesterday scored a victory over the I. W. W. in the situation among the foreign bakers in the North and West Ends who are demanding a wage increase, shorter working hours and better conditions all around.

More than 400 bakers who went on strike late Saturday afternoon by orders of the A. F. of L. and the I. W. W. rocked under the banner of the A. F. of L. organization at a mass meeting held yesterday morning, more than half of these men deserting the ranks of the I. W. W. For nearly a week organizers of both factions have been trying to enlist the workers under their respective banners and in an attempt to catch the other side napping each organization ordered a strike at the same time Saturday. Mass meetings were scheduled for yesterday morning, the I. W. W. at the headquarters at 1 Lathrop place and the A. F. of L. at 131 Hanover street. The meeting of the I. W. W. did not take place, as all of the strikers at-

A FAMOUS FRENCH SKIN SPECIALIST

Professor Sabouraud says: "The importance of sulphur should be committed to memory." Because sulphur is so valuable in treating all skin diseases, many attempts have been made to incorporate it in a cream. In SULPHOLAC, a highly prized germ destroyer is combined with sulphur to produce the perfect skin remedy. A soft, smooth cream, readily taken up by the skin. SULPHOLAC penetrates below the surface. It reaches the seat of the trouble and eradicates it. The safe, clean, sure remedy for acne, pimples, blackheads, rash, ringworm, shingles—even chronic eczema. Is promptly relieved. ASA POLLARD LODGE ANNIVERSARY

Observance Was Held at
the Talbot Memorial
Hall

The 11th anniversary of the Loyal Asa Pollard Lodge, 3341, I. O. O. F. was held last Saturday night at the Talbot Memorial Hall, North Billerica. A large number of wives and friends of the Odd Fellows were present and the affair was one of the most enjoyable ever held by this lodge. At 8 o'clock a bountiful supper was served in the banquet hall by the wives and daughters of the members. After the supper the party repaired to the entertainment hall where a well arranged program was given by local and outside town talent.

The program was as follows: Piano solo, Miss Sarah Stott; song, Mrs. Fairbrother; reading, Maurice O'Donnell; song, Mr. Fred Donahue; reading, Mr. John W. Foster; song, Mr. Herbert Ellis.

During the evening District Deputy George Emsley spoke on the work of the order and congratulated the members on the fine showing. Mr. Emsley was one of the early workers in this lodge and his remarks were received with much enthusiasm by those present. After the entertainment dancing was enjoyed to music furnished by Stolt's orchestra. Joseph Brown served as chairman during the evening.

The members of the committee in charge of the anniversary are: Chairman, John J. Whitehead; James Sanborn, Thomas Ellis, Herbert D. Ellis, Joseph Brown, Robert Tiley, Walter

occasion and a varied musical program was rendered.

There were two graduates, Henry Lemire and Joseph Renaud, and they were presented their diplomas by the pastor, Rev. Leon Lamonde, O. M. I., who took occasion to congratulate the pupils and teachers. The presentation of diplomas was followed by the following program: Overture, piano duet, Misses A. Perrin and B. Loranger; chorus, "Le Jour des Revenances"; boys of first and second classes; chorus, "Les Gais Pottis Chanteurs"; the youngest pupils; declamation, "L'Ami de Toti"; Albert Martin; playlet, "Roses of Parvatis"; girls of the first and second classes; final chorus, "O Canada," entire student body.

The graduates were presented gold medals and other prizes were won by the following: Albert Martin, Miss B. Loranger, Miss A. Perrin, Miss Juliette Lamonde and Miss Helen Levesque.

WOMAN KILLED BY CAR

Mrs. Kelley Fatally Injured on Gorham St.

A traffic accident occurred in Gorham street in East Chelmsford just beyond the city line about 2 p. m. yesterday when Mrs. Catherine Kelley,

aged 75 years, was struck by an electric car, resulting injuries which resulted in her death less than a half hour later, at St. John's hospital.

Mrs. Kelley had been visiting at the home of a friend in that vicinity and it is said, stepped into the street with the intention of boarding the approaching car. In her efforts to retain her hat, which was blown by the wind, she backed close to the track. Motorist Bagley was bringing the car to a stop at the instant it came, and was intending to stop a few yards beyond the woman, but he was too close to her when she stepped in front of the car, and the side of the conveyance struck her, throwing her to one side.

She was picked up unconscious and rushed to St. John's hospital, where she died about a half hour later. She had suffered a fractured skull, fracture of the pelvis and several broken ribs. The conductor on the car was Mr. Maroney.

Dr. Sawyer, who was on the car, jumped out and took charge of the woman. For a time she was conscious and asked where she was. He dressed her wounds and rendered first aid.

The aged victim of the accident resided at 511 Bridge street in the Varum block. The remains were removed to the undertaking establishment of Mr. McKenna at 419 Bridge street.

PLACES CHANGE HANDS

Turcotte and Riley Get
Duffy Co.'s License

The first and fourth class liquor licenses of the Thomas F. Duffy Co., 17-19 Market street, have changed ownership and the fourth class license change. Its position this morning. In the course of a few days the fourth class license will become operative at the corner of Central and Middle streets in the store recently vacated by the A. J. Cumiskey Motor Car Co., the license having been purchased by Mr. Riley, traveling salesman for the P. Dempsey Co. Lucien Turcotte, who has been in business with his father, Louis P. Turcotte, in Worthen street, has purchased the first class license and will occupy all of the first floor and basement at 17-19 Market street. Both of these licenses will remain in the name of the Duffy Co., until the end of the year. The upstairs cafe at the Duffy place in Market street will be closed.

ST. PATRICK'S SCHOOL DECISION FOR PLAINTIFF

Graduation at Church Who Sued Executor of Sarah Cochran

REV. FR. CURTIN PREACHED FORCEFUL SERMON

Commending the Teachers and Congratulating the Graduates on Their Success

The graduates of the parochial school of St. Patrick's church received their diplomas at the 11 o'clock high mass yesterday morning. It was an impressive service and an elaborate musical program was rendered.

In the centre aisle were seated the boys and girls who were to be awarded the diplomas and certificates of merit. After the gospel, they formed in line at the sanctuary rail and as their names were called went forward and received the diplomas from Rev. Fr. Callahan, who officiated in the absence of Rev. Mgr. William O'Brien, P. R.

The graduates of the commercial department of the school were: John T. Powers, Edward A. Kelly, John T. Manning, William P. McCarthy, John J. Keefe, Thomas M. McGrath and Leo J. Farley. Those who received diplomas from the regular grammar department were: Dennis Daly, Edward Trainer, Edward Rogan, John Burt, Stephen O'Connor, Harry Keyes, William Flannick, Joseph O'Connor, George Morris, Martin Clough, John Meehan, Joseph Quinn, William Quinn and Robert H. Brown. They also received the diocesan diplomas.

In the girls' school the following received grammar school and diocesan diplomas: Elizabeth Frances, Darcy, Margaret Helena, Sheehan, Elizabeth Josephine O'Connor, Frances Louise Curran, Mary Frances Morris, Viola Rose O'Neill, Rita Elizabeth Bernard, Catherine Ethel Deichant, Anna Teresa Manning, Madeline Virginia Conway, Elizabeth Frances Powers, Alice Imelda Gorman, Norah Teresa Riley.

The celebrant of the mass was Rev. Fr. Kerrigan and Rev. Joseph A. Curran, who preached on education. In his discourse, he commended the pupils on their excellent work during the school year and congratulated them upon their success. For the brothers in charge of the school, who have always labored untiringly in behalf of the pupils, he had many words of praise. Throughout the entire sermon he impressed upon the congregation the importance of the training in St. Patrick's school. The graduates of St. Patrick's school, he said are instructed in the teachings and practice of their holy religion as well as in their secular studies and it is the earnest wish and hope of their teachers, their parents and friends that they will exemplify this teaching in their lives and always reflect credit on St. Patrick's school. He reminded them that to attain real success they will have to work hard. He told them how hard some great men had worked to achieve their greatness. Nothing that is of great value can be won without hard and diligent industry and perseverance. In conclusion he expressed the wish that God might bless these young graduates now starting out on the threshold of life.

Chicago's First Printer Dead
CHICAGO, June 23.—Frederick William Brooks, who came from New York to Chicago by ox-team in 1833, died today, aged 86. He was one of the city's first printers and "worked at the case" on Chicago's first newspaper, the Chicago Democrat.

In the case of John L. Leighton vs. John W. McEvoy, executor of the last will of Sarah Cochran, an action brought for the recovery of a certain sum of money for alleged board and services rendered deceased, which was tried at the civil session of the police court before Judge Enright, the latter yesterday found for the plaintiff in the sum of \$534.28.

Another case brought by Stanley W. Qus against John W. McEvoy, executor of the will of Statia M. Leighton, for the recovery for services rendered and also care and attendance to deceased, resulted in the finding of \$148 for the plaintiff by Judge Enright. These two cases have been on trial for the past several months.

John J. Harvey and Frank Goldman appeared for the plaintiffs in both cases, while the defendant was represented by William H. Bent.

DOG SCARED BURGLARS

Were About to Enter a Jewelry Store

A couple of burglars made an unsuccessful attempt to break into the jewelry store of Joseph F. Montminy, 192 Merrimack street, a few days ago, but fortunately they were scared away by a large bulldog owned by Dr. Marc Trudeau, who occupies a flat just over the store.

The two young men made their way into the back yard by vaulting a high fence and tried to force the door. While they were working the lock, the dog heard them and scared them away with his barks. They returned about a half hour later, but the dog was still on the spot.

The police were notified and ever since they have been keeping a close watch for the intruders, but the latter are still at large, and it is firmly believed they will make not attempt to break into this store again.

WANTS M'REYNOLDS REMOVED

Atty. Herrington Asks Pres. Wilson to Oust Attorney General—Sensational Charges

SAN FRANCISCO, June 23.—Attorney Clifton Herrington, a former judge, who aided U. S. Dist. Atty. McNabb in the preparation for the trial of the Diggs-Caminetti case, sent a telegraphic request to President Wilson early today that Attorney General McReynolds be removed from office.

Secretary Wilson Responsible
WASHINGTON, June 23.—Secretary Wilson of the department of labor last night took full responsibility for the postponement of the decision in the Diggs-Caminetti case, the basis of sensational charges telegraphed to the president yesterday by United States Attorney John L. McNabb of San Francisco, with a request that his resignation be accepted at once. In a signed statement, Secretary Wilson said:

"The attorney general postponed trial in the Diggs-Caminetti case solely upon my request. I am, therefore, responsible for the postponement."

Mr. A. Caminetti has but recently resumed the duties of commissioner-general of immigration. He has not fully familiarized himself with the duties of the office. He asked me for return to California to be present at the trial of his son. I insisted that

he remain here until he was sufficiently acquainted with the duties of the position of commissioner general to be able properly to inspect the immigration stations at Pacific ports when he returned to California. I suggested that I would ask the attorney general to postpone the trial of the case until the next term of court.

"It is nothing unusual for the district attorney of that or any other district or the attorney general to grant postponement of trial in such cases when an immediate trial would considerably inconvenience either party. The suggestion and the request came from the purely in the interest of the public service."

Sensational Charges
The resignation of U. S. Attorney John L. McNabb, wired to President Wilson with sensational charges that grant postponement of trial in such cases when an immediate trial would considerably inconvenience either party. The suggestion and the request came from the purely in the interest of the public service.

North shore. The two men started with them for a hospital, but when Lynn was reached the girls said they felt well enough to go to Boston, but did not have any money, so the men gave them a dollar and put them on a narrow gauge train.

It was just growing light yesterday morning when the machine whizzed through Lynn headed for Nahant, when half way between Little Nahant and Half-Way-Tree, something went wrong with the machine or driver and the car crashed into the fence on the right side of the state boulevard.

Going Very Fast
The car was going at a high rate of speed. Instead of striking the fence squarely, the car struck it at an angle, and as a result so great was the speed the car carried away nearly 100 feet of the fence, knocking posts short off in the ground, went down a slight grade through the sand to the railroad tracks and there turned on its side. Had the machine turned over completely, experts say that in all probability all would have been killed or seriously injured.

Chief of U. S. Bureau Supplies Some
WASHINGTON, June 23.—The last word in hot weather "don'ts" was issued in brief form today by Dr. Carl Alsberg, chief of the United States bureau of chemistry. Dr. Alsberg, it develops, would abolish the thermometer because of its displacing influence on the minds of perspiring men and women.

Here are the "don'ts":
Don't eat too much.
Don't wear too many clothes.
Don't drink ice cold beverages.
Don't look at the thermometer and keep thinking how hot it is.

Lead drinks are one of Dr. Alsberg's abominations, for he says they not only disorder the stomach but they also interfere with digestion. "The secret of keeping cool in the dog days, according to the doctor, lies largely in temperate eating, taking just enough sustenance to keep off the pangs of hunger."

"But," says the doctor, "above all things keep your eyes from the thermometer."

7 JOY RIDERS INJURED

Big Auto Wrecked on the Road to Nahant

BOSTON, June 23.—After an all-night joy ride, seven people nearly lost their lives when the automobile No. 15011, in which they were riding, while going at 60 miles an hour, crashed through 100 feet of stout fence in Nahant road at dawn yesterday morning and went down a 15-foot embankment,

landing on the railroad tracks below.

The accident happened about 4:35 o'clock. The car is owned by Mrs. Estelle P. Stuart-Clark, 33 Bay State road, Boston, and it is alleged to have been driven by her chauffeur, Richard Magnusen, who has disappeared. The car contained three young girls, barely more than 16 years old, two chauffeurs and a middle-aged couple, who the speed-killers picked up on their way home from work.

The car, which was a new Fiat, costing \$5000, was wrecked and that any of its passengers escaped with their lives is considered remarkable.

The three girls, all more or less injured, were found by Thomas P. Curtis and Aaron Davis, two well known men of Boston and Nahant, who were returning from an auto tour of the

RESINOL CURED AWFUL ERUPTION ALL OVER FACE

Brooklyn, N. Y., May 2, 1913.—"About sixteen months ago I noticed a lot of little sores spreading all over my face and neck. It itched me something awful, and I felt like I would want to tear my face apart. At night it would pain me and start swelling—then it would itch all the more—so I got very little sleep."

"I tried many treatments, such as ointments, etc., but none of them did me any good. I suffered for four months until I sent for samples of Resinol Soap and Resinol Ointment. I applied them to a little part of my face and it showed good results. So I at once bought a jar of Resinol Ointment and a cake of Resinol Soap from my druggist, and kept on using them for about three months, when I was completely cured. If you ever see my face now you would never think anything was ever the matter with it." (Signed) Louis Bloch, 35 Morrell street.

For eighteen years Resinol has been a favorite doctor's prescription and household remedy for skin eruptions, pimples, blackheads, sunburn, insect bites, dandruff, sores, piles, etc. Stops itching instantly. Every druggist sells Resinol Soap and Resinol Ointment, but you can try them without cost—just write for samples to Dept. 44-S, Resinol, Baltimore, Md.

18 NATIONS ACCEPT PLAN

Secretary Bryan Makes Statement

WASHINGTON, June 23.—With the acceptance in principle of the president's peace plan by 18 nations, Secretary Bryan has felt encouraged to develop some details of the plan which so far have been only generally outlined. Yesterday he made a statement touching the commission of the proposed commissions to investigate controversies, designated to meet suggested objections that it would be impossible to provide unbiased bodies of investigators whose findings would command respect of the principals. The statements are as follows:

"Mr. Bryan in stating to the newspaper that eighteen nations had now accepted the principle of the president's peace plan, the last nation being Spain, gave one of the details suggested for the completion of the plan."

The plan contemplates a permanent international commission and the president suggests that the commission be composed of five nations, as follows: "One member from each of the contracting countries, to be chosen by the government; one member to be chosen by each of the contracting countries from some other country; and the fifth member of the commission to be agreed upon by the two governments. The commission to be appointed as soon as convenient after the making of the treaty; vacancies to be filled according to the original appointment."

"This is merely a suggestion. This government is ready to consider any proposal that the contracting parties may desire to make."

COUNTY COMMISSIONERS

Held Another Hearing on Clark Road Matter

The county commissioners gave a second hearing on the repairing of Clark road, which is situated in Tewksbury, at the court house this morning. As Mr. Frank A. Patch, associate commissioner, was present at the first hearing he also acted as commissioner this morning. Mr. Marden being absent.

Several citizens of Tewksbury and other interested persons have asked that Clark road be altered and repaired. A plan showing what the commissioners intend to do was presented and this seemed satisfactory to the representative of Tewksbury who was present this morning. The part of the road to be repaired is wholly in the town of Tewksbury and is about two miles long. It is intended to make the width of the road fifty feet and several of the hills will be repaired making the road as level as possible. There is one turn in particular that will be straightened and to do this it will be necessary to build a road through a meadow.

The land in the vicinity of Clark road will be surveyed soon and a more detailed plan will be made, after which the commissioners will order the town of Tewksbury to repair the road.

THE LIBRARY CONTEST

Great Rivalry Among Organizations

If ever there was a faithful band of workers, those striving in behalf of the C. M. A. C. deserve the medal. They are not the only ones that deserve abundant eulogy for Lowell seems to be populated by a people patriotic to the core, and their interest in the big contest is progressing at a rate which is surprising, as well as deserved.

Live Committees Necessary

It is high time that the forces were organized with some executive head. If it has not already been done, leaders you must have, to get the best results from your forces. Don't allow them to founder around with no one to inspire or direct them. There is one committee that has been at the work for some time, composed of hustlers who are genuine, and they are doing snappy work every day. When the big contest reaches its journey's end you will know that they were alive to the issue.

The position the Ancient Order of Hibernians took in Saturday's issue is not because of lack of energy; far from it. They simply had rivals who had performed a superior service. It will be in order to reverse things in this contest and who can gainsay but that the Ancient Order of Hibernians may capture the lead when the next report is in?

The leadership the Knights of Columbus obtained last Saturday, in the war for good books, was a source of much grateful comment and praise on the back in the council's rooms. Their superior accomplishment has not contributed to over confidence, however, for they are fully aware that there are many contemporaries out for the books that will give them a hard fight.

PELKY TRIAL NEAR END

Expected to Reach the Jury Today

CALGARY, Alberta, June 23.—Trial of the case of Arthur Pelky of Chicopee, Mass., charged with manslaughter in causing the death of Luther McCarthy in the prize ring near here May 21 last, is near its close. When court opened today it was predicted by many associated with the case that

all evidence would be in the hands of the jury before night.

Testimony intended to refute that presented by the crown in support of the contention of the prosecution that McCarthy's death came as the result of a blow to the jaw was introduced by the defense. More expert testimony for the defense was expected to be heard during the day.

Whether or not the crown has any new witnesses to present was not known.

CUT OFF BY FLAMES

Guests Had Narrow Escape in Hotel Fire

BOOTHBAY HARBOR, Me., June 23.—Their escape by the stairway cut off by the flames from a fire which started in the basement, twenty guests of the Menawmunt hotel were forced to leave the building by means of the piazza roof and a ladder early today. One man who was asleep on the third floor jumped and was slightly injured. The hotel, which recently has been opened for the summer season was burned to the ground. Its value was \$12,000.

NO SECRET ABOUT WOMAN'S BEAUTY

The flashing eye, the elastic step and the brilliant complexion are never companions of organic troubles; but it is the distressed expression, aches and pains, faintness, dizziness, that bearing down feeling, and the blues that are the tell-tale symptoms. If such women would only remember that Lydia E. Pinkham's Vegetable Compound overcomes such distressing symptoms, womanly beauty would be no longer a secret.

INSTANT POSTUM

This pure food-drink, sold by grocers everywhere, is warranted pure and absolutely free from the coffee drug, caffeine. It feeds and nourishes where coffee destroys the tissues.

Instant-Postum is made of prime wheat and the juice of sugar-cane, roasted and blended to produce a flavor much resembling high-grade Java.

A level teaspoonful of Instant Postum in an ordinary cup of hot water dissolves instantly, and makes it right for most persons.

A big cup requires more and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

Postum comes in two forms.

Regular Postum (must be boiled).

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in a cup of hot water.

It must seem very home-like for Albie Moulton and Arthur Lavigne to be earning their salary on the same club. Both played here in Lowell when our club was real champions.

The Bull Durham people have written the pitcher, saying that they have heard rumors to the effect that Rube DeGroot hit the ball this year in a league game. When Rube sees this article he will doubtless begin a still hunt for affidavits to that effect.

President Murnane has handed out a bitter pill for Manager Cloyce of Fall River to swallow but swallow it he must. The New England league head has suspended Cloyce indefinitely and this should be made for the entire playing season. Cloyce's actions and attitude are a distinct drawback to the game.

Lawrence is playing a great brand of ball handed out as they are by the absence of their backstop mainstay Brewster from the game. Galvin is playing a good game behind the bat but he does not inspire the confidence of the team like the husky Breyer.

Lowell high will play the rubber game off with Lawrence high this afternoon in the down river city. If the local schoolboys can again put up the brand of baseball which they flashed on the public last Saturday at Spaulding park there is no doubt as to the outcome.

The Detroit club is looking for Dally, the fast young catcher of the Lowell club, but it is doubtful if he is sold at this stage of the game. Detroit is not the only club of the majors that is after Dally and when he goes the Lowell owners will undoubtedly have a very substantial reminder of the Cambridge boys' worth as a ball player.

The baseball game between the Burkes and the Hunting club on Fourth of July at Spaulding Park promises to be one of the best amateur games

played in this city for years. Both teams have a wide following and as there is no other attraction on that date it is quite probable that a large crowd will be in attendance if the weather is favorable.

At the trial of Arthur Pelky Saturday on the charge of manslaughter for the killing of Luther McCarthy, the fact was brought out that McCarthy was not given any drugs before his last and fatal contest. The justice who is sitting on the case refused to take the case from jury and the trial will continue until a verdict is reached. The government is trying to prove that the boat was a prize fight but have had poor success thus far.

Yale followers are a very crestfallen lot of individuals this summer. Defeated by Harvard in every branch of athletics except the dual track meet the vaunted Yale supremacy in athletics has suffered an awful slump. If Yale could have only won the baseball game the outcome of the boat race would not have been out as deep but to have the team beaten which looked like an easy winner of the series was a hard and bitter pill to swallow. This year's baseball result only goes to show that there is never any telling which team will win out when the Crimson and Blue clash.

The bout between Steve Kennedy of Lawrence and Joe Egan of South Boston has finally been arranged and the forfeit money for Kennedy which both men have been obliged to put up for an appearance, has been posted with the writer. Manager Jack McLaughlin of the Waverly hotel is holding Joe Egan's money for appearance. The sum of \$100 will be forfeited if the men fail to put in an appearance on the night preceding the bout so that it looks as though one of the greatest boxing exhibitions ever staged in this city will be pulled off Fourth of July at Spaulding Park.

LOWELL TOOK A SLUMP

Team Afflicted With Jinx Says Manager Gray

Lowell took an awful slump last week and the saddest part of the story is that no real explanation can be made of the local team's slide from her pedestal. The week before was bad enough but last week's exhibition with only one win to hand was about as bad as could possibly be expected.

Lowell is bad off for first class pitchers but no worse off now than at the first part of the season when the team was hovering around and the top of the league standing. Just what is wrong at this time when the team should be swinging into its true stride is a mystery.

In Magee, Halstein, Miller, Aubrey, DeGroot and Clemens Lowell has a collection of sluggers which should win the majority of games for the local team with only mediocre work in the box.

The Lowell infield with Aubrey doing nicely at short is capable of doing great work while it is hard to pick out a classier outfield than Magee, Clemens and DeGroot.

Manager Gray is fully determined to annex some new pitchers to the club whose work will bear the brand of A. J. baseball. The Lowell pilot is as tired of watching his pitchers give away after two or three innings as are the fans themselves. It is reported that two pitchers are coming to the Lowell team this week and let us hope that the "jinx" which has followed us for the past three weeks will be chased from the camp this week.

WILSON MEETS PENFIELD

Latter May be Offered Embassy

WASHINGTON, June 23.—Speculation was caused in diplomatic circles when it was learned today that Frederick C. Penfield of New York was to have a special audience with President Wilson. The opinion was immediately formed that the president would offer Penfield, one of the five ambassadors that yet have to be filled. These included France, Germany, Russia, Austria and Turkey.

The speculation was based largely on Mr. Penfield's familiarity with foreign countries and the fact he has had wide experience in the service of the United States abroad.

LOWELL FINALLY WINS

3 to 1—Daly Shines

Lowell finally took a game by defeating Lynn on Saturday by the score of 3 to 1. In a game featured by good pitching and clever fielding, Maybohm was on the firing line for Lowell and held Lynn at his mercy until the ninth inning when Flaherty's men took a brace, scoring one run and getting two men on. Maybohm walked Flaherty, who came into the game as a pinch hitter, and landed the next man with the bases full.

Britton was in the points for Lynn and held Lowell to six hits, although these were limited in the sixth inning. With the exception of this session Britton pitched gilt edged ball. Daly was Lowell's star performer at the bat with two safe swats to his credit. Daly also played a great game behind the plate, saving Moulton and Wilson were Lynn's heavy hitters. The score:

MAY WIN 12 YEAR FIGHT

Frisco Wants Water from Sierra Nevadas

WASHINGTON, June 23.—The twelve year fight of San Francisco for a water supply from the Sierra Nevadas may be won soon, if the plans of the house public lands committee are carried out.

The \$75,000,000 project which the San Francisco officials now here claim to be vital to the present and future welfare of the city contemplates a lake three miles long and half a mile wide in the picturesque Hetch Hetchi basin in the Yosemite national reserve. The right of way would include 11 miles of high pressure tunnel with a daily capacity of 400,000,000 gallons to supply San Francisco and the San Francisco Peninsula, Berkeley, Alameda and adjacent sections. Chairman Ferris and others of the committee favor the project. Interior department and forestry reserve officials are on record for the plan and the San Francisco people say they are ready to begin work at the moment of authorization by law.

Britton and Duffy Meet
BUFFALO, N. Y., June 23.—Jack Britton and Jimmy Duffy of Lockport, both contenders for lightweight championship honors, will meet here tonight in a return ten round bout. In their first bout several weeks ago Duffy won in the sixth round, Britton being disqualified for fouling.

ENGLAND WILL CHALLENGE AMERICA AGAIN FOR
POLO TITLE—OFFER NO ALIBI FOR DEFEAT

WATERBURY GETTING BALL AWAY FROM FRAKE
PHOTOS © 1913 BY AMERICAN PRESS ASSOCIATION

NEW YORK, June 23.—A challenge may be expected for the Westchester Polo association cup for another series of matches to be played next year, according to the talk in the camp of the challengers, who are in no way fast down over the defeat by the American four. If not next year it will be here for 1915 to a certainty. "The cup must come back," is a watchword that has taken hold of the minds of English polo players. And polo has never been so popular in the old world as now. To send a challenge for next year all depends on the action of the Duke of Westminster,

who heads what is known as the "America cup recovery fund." The other members are Captain E. Brassey, Lord Ashby St. Ledgers, Captain A. S. Wills, W. S. Buckmaster, F. M. Frake, Lord Wodehouse and the other players. After the last game was over at Meadowbrook Lord Wodehouse was overheard to say that the English would be here again for another go at the cup and that England never yet quit in the middle of a fight. No hasty action will be taken with regard to the challenge or at least till the team reaches home. Captain Ritson and the other members of the

British polo team are satisfied that America deserved to retain the championship. There is absolutely no disposition to establish an alibi on the part of the Englishmen. "Every foul called upon the field was absolutely justified," said Captain Ritson at a dinner given recently at Hempstead by August Belmont. "The foul called when Mr. Milburn fell from his horse was a penalty inflicted by Captain Miller of England. I heard the whistle before the ball was struck, but on account of the noise attending the play I did not at the time realize it was official." Pictures show some spirited plays during the last game.

TRAIN JUMPS RAILS

50 Hurt When Coaches Went Down Bank

ROCHESTER, N. Y., June 23.—Fifty persons were injured, some of them seriously, when a Pennsylvania railroad excursion train was derailed a short distance north of Sterling station at 9:30 o'clock this morning.

The train was well filled with excursionists. Three of the five coaches left the track, rolling down an embankment. The train was running at about 40 miles an hour when the accident occurred, and had begun to slow down for the stop at Sterling.

As it rounded the curve, the smoking car left the track, followed by all but the two rear coaches. The forward trucks of the fourth car were also derailed, but it remained upright, as did the last coach. The locomotive remained on the track, breaking away from the train after dragging the coaches about 20 feet.

These passengers who were least injured, or who escaped injury, carried

the most seriously hurt through the doors and windows of the overturned coaches to a temporary hospital in a field near by. The groans and cries of the injured could be heard throughout the village.

Physicians and nurses hurried to the scene from Rochester. Mr. Morrill and other nearby towns. The most seriously injured were taken to the hospital of the Craig colony at Sonoma. The others were rushed to Rochester and taken to hospitals in this city.

It was said that District Attorney Frank K. Cook of Livingston county was refused permission to examine the wreck when he arrived about noon.

The railroad officials had thrown a cordon of employees about it and Mr. Cook could not get within 20 feet of the nearest car.

Mr. Cook said he had every reason to believe that the ties were directly responsible for the wreck.

ESCAPED FROM SING SING

Convicts Captured Within Half Mile of Prison

OSSENING, N. Y., June 23.—Maurice Clifford and William Forbes, "trusties" who escaped from Sing Sing prison last night, were captured early today within a mile and a half of the prison walls. They hid in the village all night and at dawn today resumed their flight along a well-traveled thoroughfare. A bicycle policeman spotted them and in a short time they were surrounded and captured. Both men were badly disfigured by contact with briars and underbrush and said they were glad to get back to prison.

FIERCE FIGHT AT GROTON

Result of Liquor Raid—Four Arrests

GROTON, Mass., June 23.—A free for all fight with fists and clubs between 75 police and an equal number of foreign workmen and women was the result of a liquor raid upon a boarding house yesterday. Many heads were broken and the police arrested four men as leaders who were taken to the Ayer lockup for a hearing in court today on charges of assaulting an officer and disturbing the peace.

The fight started when Chief of Police John H. Rigley, with one constable went to the house to make the raid. Officers met with such strong resistance from the crowd of laborers that they were obliged to retreat. Chief Rigley then telephoned the police of Ayer, Peppercorn and other surrounding towns for help. In automobiles, police and volunteers swarmed in as special officers hurried over the roads and headed for the embattled boarding house.

The foreigners stubbornly resisted the efforts of the raiders to get into the house, women fighting in the front with the men. The capture of four alleged leaders took the fight out of the mob and they were dispersed. Two kegs of beer were seized.

LOWELL HIGH WINS 5-0 BRIVES BATTING WELL

Lawrence High Shut Out at Spaulding Park

McDonald Leads League—Titus Second

Lowell High defeated their rivals, Lawrence High, Saturday afternoon at Spaulding park, by the shut-out route, the score at the end of the nine innings being: Lowell High 5, Lawrence High 0. The game was an exceptionally well played game and the schoolboys put up a remarkable brand of ball.

Sturtevant was on the rubber for Lowell High and allowed but one run. Lawrence batted to hit safely throughout the contest. Lowell secured nine big hits for a total of 14 and easily earned the victory.

Cawley was the figure greatest in evidence, although both Carter and Bailey played their positions to perfection. These three men were the essential factors in Lowell's win after Sturtevant has been given credit for his superb box work. Cawley and Carter worked like smooth-running machinery on the grounds. Cawley batted on the first ball sent up to him in the eighth inning for a home run over the left field fence, scoring Carter ahead of him. This completely took the heart out of Higgins, the Lawrence twirler, who has not been hit so hard this season.

Lowell took the pole in the first inning when two runs were chalked up for the locals. Two hits, two errors and an infield out were all that were necessary to bring in Gill and Cawley. Lowell scored one more in the sixth when Cawley singled to left, stole second and came home on Sturtevant's clean single into the center pasture. Lowell's last two runs came across in the eighth when Cawley's home run also brought in Carter. The score:

AMATEUR BASEBALL

Barletta would play any 15-year-old outfit in the city.

The Glendales would like to arrange a game with the St. Jean's, J. P. S. or the Cubs of North Chelmsford for Saturday, June 29. Send all challenges through this paper.

The Glendones will line up next Saturday for two games at North Billerica against the Cubs and the Sluggers. Saturday afternoon the Glendones defeated the Tyler A. C. by the score of 5-3.

The Draut A. C. defeated the Altherts by a score of 15 to 9. This is eight straight games that the A. C. has won. The feature of the game was a home run by J. Marsden. The Draut A. C. will challenge any 15-year-old team in the city. Send all challenges to L. Roth No. 5 Superior avenue, Draut or Tel. 1212.

A team of youngsters who call themselves the "Wild Geese" are "hunting" unofficially for a game with any 15-year-old team in the city. The head-gander in charge of the flock is Edward Conway, and his nest is at 84 Epping street. Well, any one who can play ball any better than those Wild Geese is a goose to send out challenges (like that). We have a bunch of 5-year-old Sun "newsies" whom we would like to match against these "uns." (Pity) balls would be numerous—"Flaw" days.)

The Maples went to arrange a game with the Lowell Juniors for June 28. Manager Gray of the Lowell N. E. league team already has his eagle eye on Leo Lynch, the manager-player of the Maples and it is possible that the latter club will soon lose its head. They will lose more than their head if they line up against the Lowell Juniors.

"A lot of big bluffs and blow-offs" is the manner in which the managers of the Lowell amateur baseball teams are characterized by the manager of the Union of North Chelmsford. He says that he was refused a game by youngsters who have been shooting off quite loudly about their respective lines. He will play any 13 year old team. The first game on the home grounds with a return game in Lowell.

MILLION DOLLARS IN GOLD
The First Shipment From Nome, Alaska, This Year, Was Received at Seattle, Wash., Today

SEATTLE, Wash., June 23.—A million dollars in gold, the first shipment from Nome, Alaska, this year, was received by the steamer Senator and Victoria which completed their first round trip of the season to Behring sea today.

A recital by the Junior pupils of Mrs. Grace M. Smith was held Saturday afternoon at 55 Norcross street and was well attended by the relatives and friends of the little players. Those who took part were: Mary L. Dugdale, Alexandra Burns, Doris L. Howard, Viola Badmington, Edith Vincent, Charles R. Clements, Dorothy H. Smith, Barbara F. Smith, Benjamin A. Harrison.

NEW YORK, June 23.—C. McDonald of Boston is leading the National league batters and his consistent hitting shows his leadership is not a fluke. Unofficial averages given out show he is hitting at the rate of .370. Titus of Boston is second with .358 and Cravath is third with .350. Wagner of Pittsburgh, who is slowly advancing toward the top is fourth. Wagner's figures are .346 and he is just two points ahead of his teammate, pinch-hitter Hyatt. Manager Hugings of St. Louis is sixth with .342. Jackson of Cleveland is the only Jackie still facing the major league pitchers. His average is .407 and he is still several laps ahead of Cobb, who is batting .389 for second place in the American league. Schang, the Athletic recruit catcher, is third with .379 for 12 games; Collins, Philadelphia, fourth with .365 and Speaker of Boston fifth with .363.

The new trains are: White Mountains, 10:09 a. m.; New York, 11:26 a. m.; Portland, 3:27 p. m. Weekly trains.

THE CLASS OF '03

Of the Lowell High School Held Pleasant Reunion at Spaulding House—15 of the 31 Members Heard From

A reunion of the class of '03 of the Lowell High School was held at the Spaulding house Saturday afternoon and the occasion was a very delightful one. At the close of the luncheon, which was served at 2 o'clock, the class stood and sang the class ode, which was written by J. H. McDaniel. Each member gave a brief life history, and some very interesting stories were told. The 14 members of the class of '03 who sat down to lunch in the quaint old dining room were: Daniel D. C. Pearson and Mrs. Anna Davis Pearson of Canby, N. H.; Mrs. Anna Chase Nowell and her husband, Chas. N. Nowell, of Reading; Mrs. Florence Stacey Barnard and her husband, Virgil G. Barnard of Lowell; Mrs. Emma Wheeler Faulkner of Norwell; Miss Helen A. Whitler of Boston; Miss Marianna Ockington, Miss Sarah C. Fisher, Mrs. Elizabeth Brad Adams, and Miss Celeste P. Chase of Lowell.

The latter two were of the senior class of '03, but were graduated in '04. A telegram of greeting was received from Mrs. H. H. Fletcher (Marianna Holden), of Buffalo, N. Y., and letters were read from Prof. Joseph H. McDaniel of Geneva, N. Y., the only survivor of the high school faculty as it stood in 1883; William H. Cooke, now in Oregon; Dr. Stephen G. Bailey of Boston, Mrs. Fannie Choate Clarke of Derry, N. H.; Mrs. Emma Welch Tucker of New York and Miss Georgianna Watson of Boston. Regrets were also received from Miss Mary E. Russell of Lowell who was absent from home. Thus of the original class of 34 members 15 were heard from at this 50th anniversary of graduation.

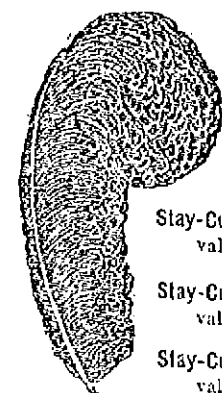

Principal Cyrus W. Irish of the high school and Miss Mary A. Webster, who will, this week, round out a service of 50 years in the public schools, were also present. A pleasant feature of the occasion was an informal address by Hon. Solon W. Stevens, president of the alumni association.

Cura Were Held Up

About 10 cars on the Lakeview line were held up yesterday afternoon for a considerable space of time when an outward bound car was derailed on the hill just this side of Collinsville. Supt. Farrington was notified and appeared on the scene as quickly as possible, where he directed the work of getting the conveyance back upon the rails. The car was finally lifted back to a position on the iron by means of a Jack.

fred Conneran and Margaret Fogarty.

The third annual outing of the mem-
bers of Court St. Paul, C. O. P., and
their friends was held yesterday after-
noon at Dingle's farm, Braintree. The
weather was ideal for such an event
and many gathered at this beautiful
country spot to enjoy a good chicken
dinner and also the fine program pre-
pared for this outing. At 1:30 o'clock
dinner was served and this was fol-
lowed by a varied entertainment pro-
gram. The chef as usual was Arthur
Lavoie, a prominent member of the
court, who as on all other occasions
furnished a very appetizing menu.

Coburn's

Fly Pie is a small metal pie, look-
ing not unlike a real pie. The
openings on top of FLY PIE are
filled with absorbent felt, when
filled with water these become
damp and sweet. It is here that
the fly is lured to death, nearly all
the flies dying within a foot of FLY
PIE.

You can't lay your coat, your hat
or any fabric in FLY PIE. It can't
soil, will not leak, will not blow
over with the wind, although if it
should get knocked around, no harm
is done.

ners being the P. & F. team. Some
of the winning team's supporters
voiced their doubts as to the correct-
ness of the score, but on the score-
keeper's explanation that 19 was as
high as he could count, the matter
was dropped. Everything passed off
smoothly and about 1 p. m. the happy
gathering took the cars for "the

GOVERNMENT EMPLOYEES JAILED

BOSTON, June 23.—After declaring that every government employee
convicted of embezzlement in his court would receive a prison sentence,
United States District Court Judge Morton today sentenced Robert E.
Brayton, assistant postmaster at Brockton, to a two-year term in the
Massachusetts state prison, and Charles J. Linn, a letter carrier of
Malden, to a year in jail at Greenfield. Brayton, who was convicted of
embezzling \$2398 of money order funds, made complete restitution. Linn
stole \$75 from the mails. Clergency for Brayton had been asked
by friends.

ATTEMPT TO WRECK TRAIN

LONDON, June 23.—What is suspected to have been a militant suf-
fragette attempt to wreck an express train from London to Plymouth in
a tunnel near Devonport on Saturday is reported today. A motor be-
longing to the London & Southwestern railroad while proceeding through
the tunnel along the rails came in contact with a heavy obstacle. The
motorman made a search and discovered two heavy sleepers wedged
between the rails over which the express train was due to pass. The
sleepers were removed just as the long train thundered through the tunnel.

ure, the exhibits of the Palmer meth-
od of business writing being of a re-
markably perfect character.

NINE U. S. ENGINEERS DROWNED

Government Employees Lost Lives Near New Madrid, Mo.—Boat Capsized in Wind Storm

NEW MADRID, Mo., June 23.—Nine members of the party of fourteen, United States engineers and other government employees, were drowned near New Madrid, Mo., late yesterday when the United States survey boat, Beaver, which the party was aboard, was capsized in a wind storm.

Those drowned here:

C. S. Williamson, chief engineer, Mason, Ohio.

J. M. McConnell, a recent graduate of the law department of Cornell university.

Captain Lamb, pilot.

A. D. Coston, engineer.

Harry Sherrill, mate, Cottonwood, Tenn.

Phil Wray, Jackson, Tenn.

Freeman, deckhand.

Two others, names not known.

None of the bodies has been recovered.

The boat sank near Hickok's light in Smoky head, and as soon as a report of the accident was received here, word was sent to Memphis and the government steamer Chicka hurried to the scene.

Those saved are:

J. H. Miller, Millerburg, Ky., engineer.

Roy Thompson of Bow Point, Tenn., deckhand.

Mike Morris, of Cottonwood Point, deckhand.

Curtis Bennett, a deckhand.

Paul Barry, night watchman.

TWO BATHERS DROWNED SHOULD TAKE VACATION

Died in Sight of Crowd at Wright's Pond, Boston We All Need Rest

BOSTON, June 23.—Two Armenians, Frank H. Gazerosian, aged 25, and Dickson M. Baghman, aged 17, both of Charlestown, were drowned yesterday afternoon in Wright's Pond, Medford, because the water wings on which they relied to keep them afloat slipped off of their arms.

Ten feet away from the two as they were drowning, was a canoe containing two men, one a nurse and the other a patient at the New England hospital. The nurse, Fred Rogers, could not swim, so instead of going to the rescue of the struggling pair he turned his canoe around and paddled away as fast as he could. Behind the map and box were clutching each other, choking and shouting for help. The patient in the canoe was Ernest Nickerson.

Only 100 yards away from the fatal spot a number of boys were diving from a boat. They thought the two drowning bathers were fooling and went on with their diving, not realizing that it was tragedy instead of sport until the two were lying dead on the bottom of the lake.

Rev. C. A. Lincoln, pastor of Kirk Street church, speaking Sunday morning on "Vacation and Recreation," founded his remarks on the text: "Come ye quickly into the desert place and rest a while." Also the words of Paul: "The inward man is renewed day by day." These two utterances," said Mr. Lincoln, "give expression to the instinctive demand of life for renewal and show two ways of meeting the demand, our Lord, until the busy activities of life leaves his business and taking his disciples with him goes away from the arts and devices of civilization, out into the wilderness, where cares are forgotten. Here, with his disciples, he and they gain new life.

\$21,000 LOST IN MAINE

Lumber Mill Destroyed by Fire

SPRINGVALE, Maine, June 23.—Fire of mysterious origin yesterday totally destroyed the lumber mill and box factory of Fred A. Smith on Pleasant street, threatened ten dwelling houses, and caused a loss of upwards of \$21,000. Aid was summoned from surrounding towns.

Frank Bennett, seeing his house catch fire, attempted to run between two piles of burning lumber, and was overcome. Before he was dragged to safety he had received severe burns.

A strong northwest wind carried flaming brands over the roofs of nearby dwellings but outside of the mill the loss was trifling.

830,200 Steeplechase

PARIS, June 23.—The grand steeplechase de Paris, at four miles one-half furlongs and valued at \$36,500, was won yesterday at the Auteuil track by Edmund Vell Heland's Ultimatum, M. J. Pratt's Maitre II was second and Bartolo, O. M. L., was third. The ceremony, benediction was held in the open air, Bishop da Silva officiating.

KILLED BY ELECTRIC CAR FIRE AT NANTASKET

Natick Man Dazzled by Garage Burned—Other Buildings Damaged

NATICK, June 23.—John J. Manuel, assistant superintendent of the Natick water works, was killed at 9:55 last night by an inward bound Boston & Worcester trolley car at Willow Bridge.

Manuel and William Stowell had spent the afternoon at a camp owned by Geo. W. Teavis at Willow Bridge. Stowell, relating how the accident occurred, said:

"We were waiting for a car when an automobile came from the west. The glare of the headlights dazzled us. The next thing I knew the car had struck Manuel."

The victim died almost instantly of a fractured skull.

BOSTON, June 23.—Paragon Park and the surrounding buildings were threatened by fire last night which swept through the Nantasket garage, scorched the nearby wooden dwellings and the Seaside Inn, but was extinguished through the rapid work of the firemen in their auto fire apparatus.

Ten thousand people about the beach choked the thoroughfares and poured from the park to witness the flames. The fire, while spectacular, did little damage. The garage, stored with machines, was quickly emptied by the force of police and fire light.

The auto, steamer located a mile and a half distant made the run to the scene of the fire in three minutes. The quick arrival of the apparatus is given by Chief Reynolds as the main reason why the blaze was gotten under control with such alacrity and without further loss of property.

The blaze originated in an upper corner of the garage and so quick was its spread that all expected the fire to sweep a large portion of the beach and extend to the park which is only 150 feet away. Twenty wooden houses are close to the garage, while the Seaside Inn, situated next door, early received a scorching and remained destined to take fire.

Every fireman and most of the fire apparatus owned by the town of Hull responded. Chief John L. Mitchell of the fire department had 45 men on the ground. Chief of Police Reynolds with his department of seven police officers was assisted by 12 park officers led by Chief Bleckford.

The garage was filled with automobiles. Officials, garage attendants and citizens worked shoulder to shoulder and got every machine safely out of the building without damage.

MEET DEATH IN RAPIDS

Two Boys Perish in Niagara

NIAGARA FALLS, N. Y., June 23.—Donald Roscoe, 10 years old, and Herbert Moore, 9, both of Buffalo, went to their death in a small boat late yesterday afternoon in the whirlpool rapids, while hundreds of men watched helplessly from the shore.

The boys had been playing in a flat-bottomed boat near the lower station of the Hydraulic Power company, half a mile above the rapids. A rope holding the boat broke and they were carried out into the stream and down the river.

"Up to the time the boat reached mid-stream it made little progress. After it passed the bridge the current carried it swiftly toward the rapids. The bridge men did not see the boat until it was close at hand. When they caught sight of it they called fire headquarters and telling Chief Miller sent out two companies of firemen."

Hundreds swarmed to the river banks in a vain effort to save the boys. The boys realizing their fate, stood up as the boat neared the edge of the roaring whirlpool and shook hands goodby. A second later they were engulfed by the crest of a great wave in the rapids. The boat shot out of sight. One of the boys was seen a moment after, struggling in the rushing waters. Neither body has been found.

Pine Woods for Pope Pius

ROME, June 23.—Owing to the precarious health of the pontiff after his recent illness, it is understood, negotiations are now going on between the Holy See and Prince Torlonia for the purchase of a pine wood owned by the prince, which lies close to the Vatican gardens.

FALL PROVED FATAL

Daniel Regan Sustained Fatal Injuries Saturday Night When He Fell from Boat in Suffolk Street

Daniel Regan, aged 55 years, died yesterday afternoon at the Lowell hospital from injuries received at midnight Saturday night when he fell from the roof to the ground at 55 Suffolk street. Regan, it is presumed, went on the roof to breathe fresh air, and went to sleep there, later rolling to the ground, a distance of about 30 feet.

He was also up to a semi-conscious condition and removed to the Lowell hospital in the ambulance, where he passed away yesterday afternoon. He was severely injured about the head and neck. He is survived by two sons, William and Joseph, and two daughters, Eliza and Mary. The body was removed to the funeral parlors of Underkuffler J. E. O'Brien & Sons, and later to the home of his son, William, 35 Schaffer street.

PASTOR ARRIVED

Successor to Rev. C. H. Demetry Celebrated His First Mass in Lowell Yesterday Morning

The new pastor of the Greek Orthodox church, Rev. Papa Panagoulou, arrived in this city Saturday and yesterday morning celebrated his first mass in the beautiful church in Jefferson street.

The new celebrant is about 35 years of age, and is a forceful preacher. He spent 10 years preaching in the city of Patras and for several years past acted as pastor of the Greek church in Chicago, where his place is now being filled by Rev. C. H. Demetry, former pastor at this city.

STATIONARY FIREMEN

Met Yesterday Afternoon and Elected Officers To Serve For the Coming Year

At the regular meeting of the International Brotherhood of Stationary Firemen, local 14, held yesterday afternoon in Cotton Spinnery's hall, 22 Middle street, 15 new members were initiated into the order and five applications for membership were received. John T. Hendricks presided during the meeting.

The following officers were elected: President, John T. Hendricks; vice president, William J. Hunt; recording and corresponding secretary and treasurer, John W. Downing; financial secretary, Thomas J. McGee; trustees, Dominick Meahan, elected for 18 months; John P. Dean, William Green; sergeant-at-arms, Michael Kinnane. Seven delegates were elected for six months to attend the trades and labor council. It was also voted to take part in the celebration on Labor day.

Remarks were made by Brother Chas. E. Anderson, Brother Carr, and songs by Brothers Spillane, Connell, Cavanaugh and Brown. The meeting was adjourned late in the afternoon.

Industry Council

Arrangements were made yesterday afternoon for the 35th anniversary of Industry Council, No. 1722, Royal Arcanum which is to be held this evening in Odd Fellows hall. Supreme Trustee John J. Regan will deliver an address on the city of Quebec and a musical program will be given. Special arrangements were made for the entertainment of the ladies.

CHILDREN'S DAY

At Graham Street P. M. Church—Morning and Evening Services—Rev. J. H. Matthews Spoke

The annual children's day services of the Graham Street P. M. church were held yesterday morning and evening. The scholars and teachers of the Sunday school met for the vestry and the children's choir sang several selections. The church was prettily decorated with flowers and potted plants.

Mr. Joseph Sutcliffe had charge of the morning service. Pretty little pamphlets, decorated with roses and bearing the words "Children's Day" were given to all the members of the school. The children's choir sang several selections and Rev. W. M. Matthews gave a brief address appropriate to the day.

At the Sunday school session tickets were given the scholars for the annual picnic, which will be held at Milligan's Grove, Wilmington, next Saturday.

ST. MICHAEL'S SCHOOL

Diplomas Awarded at High Mass Yesterday

SERMON ON CATHOLIC EDUCATION BY REV. FR. FOLEY, O. F. M.

The Diplomas Given Out by Rev. John J. Shaw, Pastor of the Church, Who Congratulated the Graduates

At the high mass yesterday morning at St. Michael's church, at which a special and very excellent musical program was rendered by the choir, the graduates of the parochial school

of the church received their diplomas, and special certificates of merit. There was an exceedingly large congregation at the mass.

A special sermon on "Catholic Education" was preached by Rev. Fr. Foley, O. F. M., who was a visitor at the rectory. Rev. Fr. Foley's discourse was intensely interesting and most beneficial to all who heard it. To the untiring ones, he said, the word education signifies nothing more than the training of the minds of the young, the learning to read, write, and conquer knotty problems in arithmetic, or perhaps, to go into the higher branches, the classics and sciences. Such is the idea of education, after which the courses of study of many of the larger universities as well as many of the lower public schools are formed, and it is but a meagre idea, and undeveloped. The Catholic schools, in training the young, do so not with the sole purpose of instilling the principles of worldly philosophy, and of worldly studies, but with the main purpose of training the soul for the

higher things, using the worldly education as a means and not as an end. The knowledge of earthly things helps us to a knowledge of God and morals, a knowledge of the church, its precepts and a means of strengthening our faith. Such is the aim of the Catholic education, the majority of whom are men and women who have, like the good Dominican sisters of St. Michael's, devoted their entire lives to the cause, and who are not working because of the desire for remuneration. The work thus done for love will be the most earnest. The pastor, Rev. Fr. Shaw, awarded the diplomas and also briefly addressed the gathering, along the same lines. He complimented the children on their work for the year.

Of the girls, Mary McLaughlin held the highest general average for the year's work and Francis Whalen distinguished himself likewise for the boys. The list of graduates is as follows: Francis Whalen, James Connors, Joseph Grouke, Thomas McSorley, Thomas Noonan, Agnes Sullivan, Angeline Roney, Alice Reardon, Veronica McSorley, Agnes Gallagher, Rose Heath and Annie O'Brien. The following, whose average in the diocesan examinations conducted by the supervisor of the archdiocese, was 85 per cent. or over, received diocesan diplomas: Francis Whalen, James Connors, Joseph Grouke, Thomas McSorley, Agnes Sullivan, Angeline Roney, Alice Reardon, Mary McLaughlin, Catherine Noonan, Veronica McSorley, Agnes Gallagher and Rose Heath. For proficiency in the muscular movement business writing, the American Penman diploma, the highest of all, were awarded to Mary McLaughlin, Catherine Noonan, Veronica McSorley and Agnes Gallagher.

lin, Catherine Noonan, Veronica McSorley and Agnes Gallagher. Those who received students' certificates for proficiency in rapid, legible business writing, are the following: Francis Whalen, James Connors, Joseph Grouke, Thomas McSorley, Thomas Noonan, Agnes Sullivan, Angeline Roney, Alice Reardon, Rose Heath and Annie O'Brien. The children of the school, and especially the sisters in charge, are to be complimented on the brilliant success of the course in business writing, which is a feature at the school.

E. GURLEY FLYNN'S TRIAL

Death of Judge's Wife Causes Postponement

PATERSON, N. J., June 23.—More than a hundred striking dyers who returned to the plants this morning, weary of the long strike of silk workers in this city, found they could not resume work because of the lack of helpers. Most of the helpers, it is said, have left the city during the course of the strike. The trial of Elizabeth Gurley Flynn, one of the Industrial Workers of the World leaders, indicted for inciting riot, which was to come up today was put over for a week on account of the recent death of the wife of Prosecutor Michael Dunn.

MANY DESERT I. W. W.

Victory for the A. F. of L. Bakers in Boston

BOSTON, June 23.—The American Federation of Labor yesterday scored a victory over the I. W. W. in the situation among the foreign bakers in the North and West ends who are demanding a wage increase, shorter working hours and better conditions all around.

More than 400 bakers who went on strike late Saturday afternoon by orders of the A. F. of L. and the I. W. W. backed under the banner of the A. F. of L. organization at a mass meeting held yesterday morning, more than half of these men deserting the ranks of the I. W. W. For nearly a week organizers of both factions have been trying to entice the workers under their respective banners and in an attempt to catch the other side napping each organization ordered a strike at the same time Saturday. Mass meetings were scheduled for yesterday morning, the I. W. W. at the headquarters at 2 Lathrop place and the A. F. of L. at 193 Hanover street, the meeting of the I. W. W. did not take place, as all of the strikers at-

tended the other meeting, among whom were a number of employers and I. W. W. sympathizers, who after trying to stampede the meeting refused to leave until they were driven out by a squad of police from the Hanover street station.

A FAMOUS FRENCH SKIN SPECIALIST

Professor Sabouraud says: "The importance of sulphur should be committed to memory."

Because sulphur is so valuable in treating all skin diseases, many attempts have been made to incorporate it in a cream.

In SULPHOLAC, a highly prized germ destroyer is combined with sulphur to produce the perfect skin remedy. A soft, smooth cream, readily

taken up by the skin. SULPHOLAC penetrates below the surface. It reaches the seat of the trouble and eradicates it.

The safe, clean, sure, remedy for acne, pimples, blackheads, rash, ringworm, shingles—even chronic eczema—is promptly relieved.

WANTS M'REYNOLDS REMOVED

Atty. Herrington Asks Pres. Wilson to Oust Attorney General—Sensational Charges

SAN FRANCISCO, June 23.—Attorney Clayton Herrington, a former judge, who aided U. S. Dist. Atty. McNabb in the preparation for the trial of the Duggs-Cammett case, sent a telegraphic request to President Wilson early today that Attorney General McReynolds be removed from office.

Secretary Wilson Responsible
WASHINGTON, June 23.—Secretary Wilson of the department of labor last night took full responsibility for the postponement of the decision in the Duggs-Cammett case, the basis of sensational charges telegraphed to the president yesterday by United States Attorney John L. McNabb of San Francisco, with a request that his resignation be accepted at once. In a signed statement, Secretary Wilson said:

"The attorney general postponed trial in the Duggs-Cammett case solely upon my request. I am, therefore, responsible for the postponement."
Mr. A. Cammett has but recently resumed the duties of commissioner-general of immigration. He has not fully familiarized himself with the duties of the office. He asked me for leave of absence in order that he might return to California to be present at the trial of his son. I insisted that

he remain here until he was sufficiently acquainted with the duties of the position of commissioner general, to be able properly to inspect the immigration stations at Pacific ports when he returned to California. I suggested that I would ask the attorney general to postpone the trial of the case until the next term of court.

"It is nothing unusual for the district attorney of that or any other district or the attorney general to grant postponement of trial in such cases when an immediate trial would considerably inconvenience either party. The suggestion and the request came from me purely in the interest of the public service."

Sensational Charges
The resignation of U. S. Attorney John L. McNabb, wired to President Wilson with sensational charges that Attorney General McReynolds had directed delays which threatened to defeat justice in certain criminal prosecutions, will be accepted promptly. This was the only information from the White House on the situation.

The cases are those of Mary I. Duggs and David C. Cammett of San Francisco, indicted under the white slave law, and officials of the Western Fuel Company for conspiracy to defraud the customs.

RESINOL CURED AWFUL ERUPTION ALL OVER FACE

Brooklyn, N. Y., May 2, 1918.—"About eight months ago I noticed a lot of little spots spreading all over my face and neck. It itched me something awful, and I felt like I would want to tear my face apart. At night it would pain me and start swelling—then it would itch all the more—so I got very little sleep."

"I tried many treatments, such as ointments, but none of them did me any good. I suffered for fourteen months until I sent for samples of Resinol Soap and Resinol Ointment. I applied them to a little part of my face and it showed good results. So I at once bought a jar of Resinol Ointment and a box of Resinol Soap from my druggist, and kept on using them for about three months, when I was completely cured. If you would see my face now you would never think anything was ever the matter with it." (Signed) Louis Bloch, 35 Morrell street.

For eighteen years Resinol has been a favorite doctor's prescription, and household remedy for skin eruptions, pimples, blackheads, sunburn, insect bites, dandruff, sores, piles, etc. Stops itching instantly. Every druggist sells Resinol Soap and Resinol Ointment; but you can try them without cost—just write for samples to Dept. 44-S, Resinol, Baltimore, Md.

18 NATIONS ACCEPT PLAN

Secretary Bryan Makes Statement

WASHINGTON, June 23.—With the acceptance in principle of the president's peace plan by 18 nations, Secretary Bryan has felt constrained to develop some details of the plan which so far have been only generally outlined. Yesterday he made a statement touching the composition of the proposed commissions to investigate controversies, designated to meet suggested objections that it would be impossible to provide unbiased bodies of investigators whose findings would command respect of the principals. The statements are as follows:

"Mr. Bryan in stating to the newspaper men that eighteen nations had now accepted the principle of the president's peace plan, the last nation being Spain, gave one of the details suggested for the completion of the plan. The plan contemplates a permanent international commission, and the president suggests that the commission be composed of five nations, as follows: "One member from each of the contracting countries, to be chosen by the government; one member to be chosen by each of the contracting countries from some other country; and the fifth member of the commission to be agreed upon by the two governments. The commission to be appointed as soon as convenient after the making of the treaty; vacancies to be filled according to the original appointment."

"This is merely a suggestion. This government is ready to consider any proposal that the contracting parties may desire to make."

Here are the "don'ts":
Don't eat to excess.
Don't wear too many clothes.
Don't drink ice cold beverages.
Don't look at the thermometer and keep thinking how hot it is.

Lead drinks are one of Dr. Aisberg's recommendations, for he says they not only disorder the stomach but they also interfere with digestion. The secret of keeping cool in the dog days, according to the doctor, lies largely in temperate eating, taking just enough sustenance to keep off the pangs of hunger.

"But," says the doctor, "above all things keep your eyes from the thermometer."

7 JOY RIDERS INJURED

Big Auto Wrecked on the Road to Nahant

BOSTON, June 23.—After an all-night joy ride, seven people nearly lost their lives when the automobile No. 18011, in which they were riding, while going at 60 miles an hour, crashed through 100 feet of stout fence in Nahant road at dawn yesterday morning and went down a 15-foot embankment,

laneling on the railroad tracks below. The accident happened about 4:15 o'clock. The car is owned by Mrs. Estelle P. Stuart Clark, 22 Bay State road, Boston, and it is alleged to have been driven by her chauffeur, Richard Magnusen, who has disappeared. The car contained three young girls, barely more than 15 years old, two chauffeurs and a middle-aged couple who the speed-killers picked up on their way home from work.

The car which was a new Fiat, costing \$3000, was wrecked and that any of its passengers escaped with their lives is considered remarkable.

The three girls, all more or less injured, were found by Thomas P. Curtis and Aaron Davis, two well-known men of Boston and Nahant, who were returning from an auto tour of the

area.

Live Bits of Sport

It must seem very home-like for Albie Moulton and Arthur Lavigne to be earning their salary on the same club. Both played here in Lowell when our club was real champions.

The Bull Durham people have written the writer saying that they have heard rumors to the effect that Rube DeGroot hit the ball this year in a league game. When Rube sees this article he will doubtless begin a still hunt for all-day signers to that effect.

President Murnane has handed out a bitter pill to the players of the Lowell River to swallow. He has decided that the New England League has suspended Cloyce indefinitely and this should be made for the entire playing season. Cloyce's actions and truculent manner are a distinct drawback to the game.

Lawrence is playing a great brand of ball handicapped as they are by the absence of their backstop maitre d'hôtel. Matter from the game. Galvin is playing a good game behind the bat but he does not inspire the confidence of the team like the husky Breyer.

Lowell high will play the rubber game off with Lawrence high this afternoon in the down river city. If the local schoolboys can again put up the brand of baseball which they flashed on the public last Saturday at Spaulding park there is no doubt as to the outcome.

The Detroit club is looking for Dally, the fast young catcher of the Lowell club, but it is doubtful if he is sold at this stage of the game. Detroit is not the only club of the majors that is after Dally and when he goes the Lowell owners will undoubtedly have a very substantial reminder of the Cambridge boys' worth as a ball player.

The baseball game between the Burkes and the Bunting club on Fourth of July at Spaulding Park promises to be one of the best amateur games

played in this city for years. Both teams have a wide following and as there is no other attraction on that date it is quite probable that a large crowd will be in attendance if the weather is favorable.

At the trial of Arthur Pelky Saturday on the charge of manslaughter for the killing of Luther McCarthy, the fact was brought out that McCarthy was not given any drugs before his last and fatal contest. The justice who is sitting on the case refused to take the case from jury and the trial will continue until a verdict is reached. The government is trying to prove that the bout was a prize fight but have had poor success thus far.

Yale followers are a very crestfallen lot of individuals this summer. Defeated by Harvard in every branch of athletics except the dual track meet the yawning Yale supremacy in athletics has suffered an awful slump. If Yale could have only won the baseball game the outcome of the boat race would not have cut so deep but to have the team beaten which looked like an easy winner of the series was a hard and bitter pill to swallow. This year's baseball result only goes to show that there is never any telling which team will win out when the Crimson and Blue clash.

The bout between Steve Kennedy of Lawrence and Joe Egan of South Boston has finally been arranged and the forfeit money for Kennedy which both men have been obliged to put up for an appearance, has been posted with the writer. Manager Jack McLaughlin of the Waverly hotel is holding Joe Egan's money for appearance. The sum of \$100 will be forfeited if the men fail to put in an appearance on the night preceding the bout so that it looks as though one of the greatest boxing exhibitions ever staged in this city will be pulled off Fourth of July at Spaulding Park.

LOWELL TOOK A SLUMP

Team Afflicted With Jinx Says Manager Gray

Lowell took an awful slump last week and the saddest part of the story is that no real explanation can be made of the local team's slide from her pedestal. The week before was had enough but last week's exhibition with only one win to hand up was about as bad as could possibly be expected.

Lowell is bad off for first class pitchers but no worse off now than at the first part of the season when the team was hovering around the top of the league standing. Just what is wrong at this time when the team should be swinging into its true stride is a mystery.

In Magee, Halstead, Miller, Aubrey, DeGroot and Clemens Lowell has a roster of sluggers which should win the majority of games for the local team with only mediocre work in the box. The Lowell infield with Aubrey doing nicely at short is capable of doing great work while it is hard to pick out a chaser outfield than Magee, Clemens and DeGroot.

Manager Gray is fully determined to annex some new pitchers to the club whose work will bear the brand of A1 baseball. The Lowell pilot is as tired of watching his pitchers give away after two or three innings as are the fans themselves. It is reported that two pitchers are coming to the Lowell team this week, and let us hope that the "jinx" which has followed us for the past three weeks will be chased from the camp this week.

WILSON MEETS PENFIELD

Latter May be Offered Embassy

WASHINGTON, June 23.—Speculation was caused in diplomatic circles when it was learned today that Frederick C. Penfield of New York was to have a special audience with President Wilson. The opinion was immediately formed that the president would offer Mr. Penfield, one of the five ambassadors that yet have to be filled. These included France, Germany, Russia, Austria and Turkey.

The speculation was based largely on Mr. Penfield's familiarity with foreign countries and the fact he has had wide experience in the service of the United States abroad.

Britain and Duffy Meet

BUFFALO, N. Y., June 23.—Jack Britton and Jimmy Duffy of Lockport, both contenders for lightweight championship honors, will meet here tonight in a return ten round bout. In their first bout several weeks ago Duffy won in the sixth round, Britton being disqualified for fouling.

BRAVES BATTING WELL

McDonald Leads League

—Titus Second

NEW YORK, June 23.—C. McDonald of Boston is leading the National league batters and his consistent hitting shows his leadership is not a fluke. Unofficial averages given out show he is hitting at the rate of .370. Titus of Boston is second with .358 and Cravath is third with .350. Wagner of Pittsburgh, who is slowly advancing toward the top is fourth. Wagner's figures are .348 and he is just two points ahead of his teammate, Pinch-Hitter Hyatt. Manager Huggins of St. Louis is sixth with .342. Jackson of Cleveland is the only .400 hitter still facing the major league pitchers. His average is .407 and he is still several steps ahead of Cobb, who is batting .339 for second place in the American league. Schang, the Athletic recruit catcher, is third with .319 for 13 games; Collins, Philadelphia fourth with .305 and Speaker of Boston fifth with .293.

SAYS COMFORT POWDER QUICKLY HEALS CHAFING

He says "Comfort Powder has been used in Aurora, N. C., by me with great success, first on a badly chafed child three months old, in my own home, and it was quickly healed. Then one of my neighbors had a child about six months old which had eczema very badly on face, head and body, and after the first application of Comfort Powder it rested well all night for the first time in weeks and is now getting well fast."

For all skin soreness of infants or adults nothing equals Comfort Powder. Be sure you get the genuine with signature of E. S. Sykes on the box.

LOWELL HIGH WINS 5-0

Lawrence High Shut Out

at Spaulding Park

Lowell High defeated their rivals, Lawrence High, Saturday afternoon at Spaulding park, by the shut-out route, the score at the end of the nine innings being: Lowell High 5, Lawrence High 0. The game was an exceptionally well played game and the schoolboys put up a remarkable brand of ball.

Sturtevant was on the rubber for Lowell High and allowed but one Lawrence batter to hit safely throughout the contest. Lowell secured nine big hits for a total of 14 and easily carried the victory.

Lawrence was the figure greatest in evidence, although both Carter and Bailey played their positions to perfection. These three men were the essential factors in Lowell's win after Sturtevant has been given credit for his superior box work. Cawley and Wilson worked like smooth-running machinery on the grounds. Cawley lined on the first ball sent up to him in the eighth inning for a home run over the left field fence, scoring Carter ahead of him. This completely took the heart out of Higgins, the Lawrence pitcher, who has not been hit so hard this season.

Lowell took the pole in the first inning when two runs were chalked up for the locals. Two hits, two errors and an infield out were all that were necessary to bring in Gill and Cawley. Lowell scored one more in the sixth when Cawley singled to left, stole second and came home on Sturtevant's clean single into the center pasture. Lowell's last two runs came across in the eighth when Cawley's home run also brought in Carter. The score:

ESCAPED FROM SING SING

Convicts Captured Within Half Mile of Prison

OSSENING, N. Y., June 23.—Maurice Clifford and William Forbes, "trusties" who escaped from Sing Sing prison last night, were captured early today within a mile and a half of the prison walls. They hid in the village all night and at dawn today resumed their flight along a well traveled thoroughfare. A bicycle policeman spotted them and in a short time they were surrounded and captured. Both men were badly disfigured by contact with briars and underbrush and said they were glad to get back to prison.

ATTEMPTED SUICIDE

George Maggi, Said to be Relative of Swiss Bankrupt, Took Poison Today at His Mother's Home

SAN FRANCISCO, June 23.—George Maggi, said to be a relative of the Swiss bankrupt of the same name who recently with his wife furnished a death pact, when he learned that his fortune of \$100,000 had vanished, attempted suicide by poison today at his mother's home at San Mateo, a suburb.

He was resuscitated. With his mother, Mrs. Maggi, he had intended going to Switzerland to prosecute his claim for a share in the estate.

A recital by the Junior pupils of Miss Grace M. Smith was held Saturday afternoon at 55 Norcross street and was well attended by the relatives and friends of the little players. Those who took part were: Mary L. Dugdale, Alexandra Burns, Doris L. Howard, Viola Radmington, Dorothy Vincent, Charles B. Clements, Dorothy H. Smith, Barbara F. Smith, Benjamin A. Harrison.

TRAIN JUMPS RAILS

50 Hurt When Coaches Went Down Bank

ROCHESTER, N. Y., June 23.—Fifty persons were injured, some of them seriously, when a Pennsylvania railroad excursion train was derailed a short distance north of Sterling station at 9:30 o'clock this morning.

The train was well filled with excursionists. Three of the five coaches left the track, rolling down an embankment. The train was running at about 40 miles an hour when the accident occurred, and had begun to slow down for the stop at Sterling.

As it rounded the curve, the smoking car left the track, followed by all but the two rear coaches. The forward trucks of the fourth car were also derailed, but it remained upright, as did the last coach. The locomotive remained on the track, breaking away from the train after dragging the coaches about 200 feet.

Those passengers who were least injured, or who escaped injury, carried the most seriously hurt through the doors and windows of the overturned coaches to a temporary hospital in a field near by. The groans and cries of the injured could be heard throughout the village.

Physicians and nurses hurried to the scene from Rochester, Mt. Morris and other nearby towns. The most seriously injured were taken to the hospital of the Craig colony at Sonoma. The others were rushed to Rochester and taken to hospitals in this city.

It was said that District Attorney Frank K. Cook of Livingston county was refused permission to examine the wreck when he arrived about noon. The railroad officials had thrown a cordon of employees about it and Mr. Cook could not get within 20 feet of the nearest car.

Mr. Cook said he had every reason to believe that the ties were directly responsible for the wreck.

FIERCE FIGHT AT GROTON

Result of Liquor Raid—Four Arrests

GROTON, Mass., June 21.—A free for all fight with fists and clubs between 75 police and an equal number of foreign workmen and women was the result of a liquor raid upon a boarding house yesterday. Many heads were broken and the police arrested four men as leaders who were taken to the Ayer lockup for a hearing in court today on charges of assaulting an officer and disturbing the peace.

The fight started when Chief of Police John H. Bigler, with one constable went to the house to make the raid. Officers met with such strong resistance from the crowd of laborers that they were obliged to retreat. Chief Bigler then telephoned the police of Ayer, Pepperell and other surrounding towns for help. In automobiles, police and volunteers sworn in as special officers, hurried over the roads and headed for the embattled boarding house.

The foreigners stubbornly resisted the efforts of the raiders to get into the house. Women fighting in front with the men. The capture of four alleged ringleaders took the fight out of the mob and they were dispersed. Two kegs of beer were seized.

WOMAN KILLED BY CAR

Mrs. Kelley Fatally Injured on Gorham St.

A tragic accident occurred in Gorham street in East Chelmsford just beyond the city line about 2 p. m. yesterday when Mrs. Catherine Kelley, aged 75 years, was struck by an electric car, receiving injuries which resulted in her death less than a half hour later, at St. John's hospital.

Mrs. Kelley had been visiting at the home of a friend in that vicinity and it is said she stepped out into the street with the intention of boarding the approaching car. In her efforts to retain her hat which was blown by the wind, she backed close to the track. Motorist Bagley was bringing the car to a stop at the instant, it seems, and was proceeding at a low rate of speed, intending to stop a few yards beyond the woman, but he was too close to her when she stepped in front of the car, and the side of the conveyance struck her, throwing her to one side.

She was picked up unconscious and rushed to St. John's hospital, where she died about a half hour later. She had suffered a fractured skull, fracture of the pelvis and several broken ribs. The conductor on the car was Mr. Maroney.

Dr. Sawyer, who was on the car, jumped off and took charge of the woman. For a time she was conscious and asked where she was. He directed her wounds and rendered first aid. The aged victim of the accident resided at 511 Bridge street in the Varian block. The remains were removed to the undertaking establishment of Mr. McKenna at 419 Bridge street.

ST. PATRICK'S SCHOOL

Graduation at Church Service Yesterday

REV. FR. CURTIN PREACHED FORCIBLE SERMON

Commending the Teachers and Congratulating the Graduates on Their Success

The graduates of the parochial school of St. Patrick's church received their diplomas at the 11 o'clock high mass yesterday morning. It was an impressive service and an elaborate musical program was rendered.

In the centre aisle were seated the boys and girls who were to be awarded the diplomas and certificates of merit. After the gospel, they formed in line at the sanctuary rail and as their names were called went forward and received the diplomas from Rev. Fr. Callahan, who officiated in the absence of Rt. Rev. Mgr. William O'Brien, P. R.

The graduates of the commercial department of the school were: John T. Powers, Edward A. Keefe, John T. Manning, William P. McCarthy, John J. Keefe, Thomas M. McGrath and Leo J. Farley. These who received diplomas from the regular grammar department were: Dennis Daly, Edward Trainor, Edward Regan, John Bert Stephen O'Connor, Harry Keyes, William Finnicket, Joseph O'Connor, George Morris, Martin O'Connell, John Nathan, Joseph Quinn, William Quinn and Robert Brown. They also received the diocesan diplomas.

In the girls' school the following received grammar school and diocesan diplomas: Elizabeth Frances Dacey, Margaret Helena Sheehan, Elizabeth Josephine O'Connor, Frances Louise Curran, Mary Frances Morris, Viola Rose O'Neill, Rita Elizabeth Bernard, Catherine Ethel Delahanty, Anna Teresa Manning, Madeline Virginia Conway, Elizabeth Frances Powers, Alice Imelda Gorman, Nora Teresa Riley.

The celebrant of the mass was Rev. Fr. Corrigan and Rev. Joseph A. Curtin preached on Catholic education. In his discourse, he commended the pupils on their excellent work during the school year and congratulated them upon their success. He said the brothers in charge of the school, who have always labored untiringly in behalf of the pupils, he had many words of praise. Throughout the entire sermon he impressed upon the congregation the importance of the training in St. Patrick's school. The graduates of St. Patrick's school, he said are instructed in the teachings and practice of their holy religion as well as in their secular studies and it is the earnest wish and hope of their teachers, their parents and friends that they will exemplify this teaching in their lives and always reflect credit upon St. Patrick's school. He reminded them that to "earn real success they will have to work hard. He told them how hard some great men had worked to achieve their greatness. Nothing that is of great value can be won without hard and intelligent industry and perseverance. He concluded he expressed the wish that God might bless these young graduates now starting out on the threshold of life.

GRADUATION EXERCISES

Held at Notre Dame de Lourdes School For the First Time Yesterday—Two Received Diplomas

The graduation exercises at Notre Dame de Lourdes parochial school in Branch street, the first in the history of the school, were held yesterday afternoon with a large attendance. The hall was beautifully decorated for the occasion and a varied musical program was rendered.

There were two graduates, Henry Lemire and Joseph Levesque, and they were presented their diplomas by the pastor, Rev. Leon Lamotte, O. M. I., who took occasion to congratulate the pupils and teachers. The presentation of diplomas was followed by the following program: Overture, piano duet, Misses A. Perrin and E. Loranger; chorus, "Le Jour des Reconnaisances"; boys of first and second classes; chorus, "Les Gais Petits Chanteurs"; the youngest pupils; declamation, "L'Amal de Tolo"; Albert Martin; playlet, "Roses of Fauvettes"; girls of the first and second classes; final chorus, "O Canada," entire student body.

The graduates were presented gold medals and other prizes were won by the following: Albert Martin, Miss B. Loranger, Miss A. Perrin, Miss Juliette Lanoue and Miss Helen Levesque.

NEW TRAIN SCHEDULE

Went Into Effect on B. & M. Today

Several changes that will affect local traffic have been made in the summer schedule on the Boston & Maine railroad. Extra trains have been put on and the time of some of the principal trains between this city and Boston has been changed.

The charges went into effect today. The seven day train that has previously left this city at 11:30 and arrived at Boston at 12:11 a. m. left this city at 11:02 a. m. and reached Boston at 11:42.

The 2:57 p. m. train has been taken off and two trains have been substituted. One will leave this city at 2:33 and reach Boston at 4:15 while the other will leave at 3:43 and arrive at 5:12.

Boston at 4:25. This is a weekly train. The 6:32 p. m. train has been taken off and a train will leave this city for Boston at 6:21 and is scheduled to arrive at 7:05. Weekly train.

On Sunday the time of the 2:28 p. m. train has been changed to 2:35 and will reach Boston at 3:55. The time of the 7:28 p. m. Sunday train has been made 7 minutes later.

The new trains are: White Mountains, 10:09 a. m.; New York, 11:26 a. m.; Portland, 3:27 p. m. Weekly trains.

THE CLASS OF '63

Of the Lowell High School Held Pleasant Reunion at Spaulding House—18 of the 34 Members Heard From

A reunion of the class of '63 of the Lowell High school was held at the Spaulding house Saturday afternoon and the occasion was a very delightful one. At the close of the luncheon, which was served at 2 o'clock, the class stood and sang the class ode, which was written by J. H. McFarland. Each member gave a brief life history, and some very interesting stories were told. The 14 members of the class of '63 who came down to lunch in the quaint old dining room were: Colonel D. C. Pearson and Mrs. Anna Davis Pearson of Candia, N. H.; Mrs. Anna Chase Nowell and her husband, Chas. N. Nowell, of Reading; Mrs. Florence Stanley Barnard and her husband, Virgil G. Barnard of Lowell; Mrs. Emma Wheeler Faulkner of Boston; Miss Helen A. Whittier of Norwell; Mrs. Marianna Ockington, Miss Sarah C. Fisher, Mrs. Elizabeth D. Adams and Miss Celestia P. Chase of Lowell.

The latter two were of the senior class of '63, but were graduated in '64. A telegram of greeting was received from Mrs. H. H. Fletcher (Marion Hadden), of Buffalo, N. Y., and letters were read from Prof. Joseph H. McDaniels of Geneva, N. Y., the only survivor of the high school faculty as it stood in 1863. William H. Cook, now in Oregon; Dr. Stephen G. Bailey of Boston, Mrs. Fannie Choate Clarke of Derry, N. H.; Mrs. Emma Welch Tucker of New York and Miss Georgianna Watson of Boston. Regrets were also received from Miss Mary D. Russell of Lowell who was absent from home. Thus of the original class of 34 members 18 were heard from at this 50th anniversary of graduation.

Principal Cyrus W. Rice of the high school and Miss Mary A. Webster, who will, this week, round out a service of 50 years in the public schools, were also present. A pleasant feature of the occasion was an informal address by John Solon W. Stevens, president of the alumni association.

Car's Were Held Up About 20 cars on the Lakeview line were held up yesterday afternoon for a considerable space of time when an outward bound car was derailed on the hill just this side of Collingsville. Supt. Farrington was notified and appeared on the scene as quickly as possible, where he directed the work of setting the conveyance back upon the rails. The car was finally lifted back to a position on the iron by means of a jack.

MISCELLANEOUS

THE LOWELL SUN MONDAY JUNE 23 1913

Continued

he delivered a message, long anticipated, urging the carrying out of the party's pledges for immediate revision of the tariff.

His address today was an appeal to every member of the house and senate to lay aside personal considerations and sacrifice comfort, and even health if necessary, to secure at once a revision and reform of the nation's banking system. Only in that way, he declared, could the country secure the benefits of the tariff revision soon to be completed.

The vigor and strength of his short message held the rigid attention of his large audience through its delivery. As on his first appearance before congress the chamber was filled with senators and representatives, galleries were crowded with men and women from the official set and comrades about the gallery doors were jammed with those unable to gain entrance.

The president gave no direct endorsement to the Glass currency bill, which is to form the basis for the democratic revision of the banking laws, but in direct language made it known that it had been prepared with his counsel and approval.

The president spoke as follows:

Mr. Speaker, Mr. President, Gentlemen of the Congress:

It is under the compulsion of what seems to me a clear and imperative

LOCAL NEWS

Fire-class work. Tobin's Printery. J. Gilbert Hill has removed his law offices to 510-512 Sun building.

Misses Belle, Frances and Grace Peo will leave Lowell tomorrow to attend the Jesuit ordination at Woodstock, Md. on Thursday. They will visit New York, Philadelphia, Atlantic City, Washington and Baltimore before they return, and will be gone about 15 days.

A delightful entertainment was given at Harmony hall, Collinsville, on Friday evening for the benefit of St. Mary's church. The play presented being "The Bogus School Inspector," a three-act drama. The affair was largely attended and the play could not have been better presented. Those who took part were: Angelo Collopi, Francis Gouffroy, Stella Mooney, Sarah Silk and Thomas Car-

roll. Others who took part in the program were Mary Carroll, Henry Musard, Thomas Mooney, John Radican, John McShea, Charlotte Flannagan. The affair was in charge of Misses Mary Burke, Mary O'Reilly, Winifred Conneran and Margaret Fogarty.

The third annual outing of the members of Court St. Paul, C. O. F., and their friends was held yesterday afternoon at Daigle's farm, Dracut. The weather was ideal for such an event and many gathered at this beautiful country spot for a good chicken dinner and also the fine program prepared for this outing. At 1:30 o'clock dinner was served and this was followed by a varied entertainment program. The chef as usual was Arthur Lavale, a prominent member of the court, who as on all other occasions furnished a very appetizing menu.

The following Lowell people are booked through Murphy's ticket agency to sail from Boston tomorrow on the Canada line steamship Lacombe for Europe: Mrs. Helga Carlson, Miss May Carlson, Mrs. W. H. Kennedy, Master Thorburn Kennedy, Nelson Groves, Mr. and Mrs. Barnard Paige, Mr. James Perry, Mrs. Mary J. Sullivan and Masters Paul and Thomas Sullivan, Mr. Patrick Fleming, Miss Della Brennan, Miss Mary Kenny, James W. Pullan, Miss Annie Murphy, Miss Nellie Dillon and Miss Julia Daly. Sailing on the Allan line steamship Parlatank for Glasgow, Scotland, Miss Jeanie C. Mowatt and Mr. John Dobell.

On Saturday afternoon the combined outing of the employees of Messrs. Pratt and Forest and A. L. Brooks' box shop was held, the place being Brooks' field on the banks of the Merrimack near Tyngsboro. A very enjoyable afternoon was spent.

Coburn's

Fly Pie is a small metal pie, looking not unlike a real pie. The openings on top of FLY PIE are filled with absorbent felt, when filled with water these become damp and sweet. It is here that the fly is lured to death, nearly all the flies dying within a foot of FLY PIE.

You can't lay your coat, your hat or any fabric in FLY PIE, it can't soil, will not leak, will not blow over with the wind, although if it should get knocked around, no harm is done.

Games of various kinds were played and an almost unlimited quantity of both solid and liquid refreshments dispensed. The main item on the card was a keenly contested ball game between the younger men of the two shops. The score was 19 to 9, the winners being the P. & F. team. Some of the winning team's supporters voiced their doubts as to the correctness of the score, but to the score-keeper's explanation that 19 was as high as he could count, the matter was dropped. Everything passed off smoothly and about 7 p. m. the happy gathering took the cars for the square.

GOVERNMENT EMPLOYEES JAILED

BOSTON, June 23.—After declaring that every government employee convicted of embezzlement in his court would receive a prison sentence, United States District Court Judge Morton today sentenced Robert E. Brayton, assistant postmaster at Brockton, to a two-year term in the Massachusetts state prison, and Charles J. Linn, a letter carrier of Malden, to a year in jail at Greenfield. Brayton, who was convicted of embezzling \$2398 of money order funds, made complete restitution. Linn stole \$75 from the mails. Clemency for Brayton had been asked by friends.

ATTEMPT TO WRECK TRAIN

LONDON, June 23.—What is suspected to have been a militant suffragette attempt to wreck an express train from London to Plymouth in a tunnel near Devonport on Saturday is reported today. A motor belonging to the London & Southwestern railroad while proceeding through the tunnel along the rails came in contact with a heavy obstacle. The motorman made a search and discovered two heavy sleepers wedged between the metals over which the express train was due to pass. The sleepers were removed just as the long train thundered through the tunnel.

dren, of things which they saw themselves, about the streets, at the circus, etc., and in this they were allowed freedom of choice, not being obliged to copy some object selected by the teacher. The penmanship, too, was a feature, the exhibits of the Palmer method of business writing being of a remarkably perfect character.
